PRICES ARE HIGH AS SEASON OPENS

Heavy Sales Show Faith In Danville Is Strong As Ever

TROOPS QUELL DISORDERS

Half Million Pounds Brought Here on Opening Day, Constitutes Record Breaking Start of Season—"Co-Ops." and Auction Houses Well Supplied With Leaf Which Ranges High.

The Danville tobacco season got away to an auspicious start at nine o'clock this morning when auction sales in seven warehouses were started and the task of grading and weighing tobacco under contract with the Co-operative Marketing Association began in the two warehouses leased here as delivery plants.

The opening was probably the largest Danville has ever seen for instead of scattered rows usually seen on the first sale of the season, two of the houses were filled while the remaining five had a large accumulation of leaf.

Producers warehouse, one of the 'pool' receiving plants was well filled with wagons and a large quantity of leaf was unloaded there this morning and disposed of by the new method. A good amount of tobacco was in evidence at Farmers warehouse, also a receiving point.

As the auction sales will run well into this afternoon no authoritative average can be given at this writing. Tobacco men who went over the rows said that it would be about \$30 per hundred. As a general thing prices on the auction floors were considered unusually high for the opening of the market. Tobacco ranged in price from five cents for 'sorry' tobacco to 72 cents for good cigarette leaf. The Export Leaf Tobacco Company and the Imperial Tobacco Company were large buyers on all of the sales.

Enthusiasm which was manifested by the farmers patronizing the auction sales was however, equalled by the large crowd of growers who congregated in the delivery warehouse to watch the revival of co-operative marketing which obtained here about twenty years ago. They appeared delighted to the cash advance paid for their tobacco as contrasted with the full value paid on the auction floors and seemed to be very earnest and intent on making the movement a success.

There are literally many hundreds of growers here watching the sales. Many of the 'pool' growers went to the auction houses and witnessed the sale by the system they formerly patronized while farmers selling on the auction floors went into the receiving stations and there watched the methods of handling tobacco in evidence there.

The sales drew many business men and merchants who were interested in speculators at the opening of the tobacco season which means so much to Danville's economic prosperity.

The view expressed was that the high class tobacco was not selling so high as the medium and less desirable tobacco.

Representatives of the large companies and inspectors of tobacco at the receiving plants of the pool where a large crowd remained all day watching the expert graders inspect leaf and after looking it over they lettered grade and quality of the tobacco were not given out. E. L. Walton said that Richard Patterson would be here this afternoon and that the buyers would then be acquainted with the cash advance.

Cash advances to growers ranged from 20 to 30 cents for the best grades, these advances being paid conspicuously in both receiving plants.

E. L. Walton, one of the officials of the "pool," said this morning that he was thoroughly satisfied with the showing made on the opening day by the "pool" method and he expected that before night 200,000 pounds of leaf would have been received, the bulk of this being at Producers warehouse.

During the morning he received a telegram from Chatham announcing that the pool delivery house there was blocked and asking that additional clerical assistance be sent there.

The pool method, it was pointed out, was new in Danville. A gentleman, who was familiar with the operation of the first co-operative association which obtained in Danville about twelve years ago, recalled that H. O. Kerne was the first president of the organization and that he remained as such for five years. In those days the present warehouse known as Producers was one of the two delivery houses in Danville, the other one being in North Danville where the Dan City Silk Mills now have their home. The concern also owned a primary on Crabtree street. W. H. Henderson, of Rock Springs, was the first grower to drive into the delivery warehouse with a load of tobacco when the system was started twelve years ago.

Committee Will View Cemetery Sites On Friday

The public works committee of the city council held a meeting yesterday informally to discuss the cemetery problem which has recently come to the fore and on which action is soon to be taken. No action was taken with regard to the purchase of several plots of land on which W. E. Gardner has secured option. It was decided however, that next Friday the public works committee and the finance committee shall together make a tour of the city and view each piece of property mentioned.

It is likely that the report of the city planning commission with reference to the establishment of a cemetery will also be reviewed and discussed. Experts came to Danville not many months ago and made an intensive survey of the city's cemetery problem this costing the city about \$700. Now that the report has been received and the belief is shared that another cemetery must be provided the report is more than likely to be weighed with other propositions offered. The report of the experts provided for the purchase of one of ten different areas near the city suitable for development of a community cemetery and to serve the city as a whole instead of North and South Danville having their individual burial grounds.

Yeggs Blow Safe At Centralia P. O.

RICHMOND, Va., Oct. 3.—Burglars blew the safe in the postoffice at Centralia, ten miles from Richmond, this morning at an early hour. The noise of the explosion attracted attention and when persons came to the place and began shooting the burglars proceeded to get away in short order. Except for the destruction of the safe no damage was done. Officers with loud sounds are seeking to track the robbers.

The open season for regimens seems to have arrived in the South. Only a few days ago the charges of W. E. Hard entered, the safe blown and \$604 in money and checks stolen. No clue to the culprits has been found despite the best efforts of the police.

The Centralia attempt recorded above comes swiftly after the blowing of a safe at Spartanburg, S. C., which was partly wrecked. Today reports from Spartanburg were that the burglars operating at Spartanburg after firing one heavy charge which failed to open the door of a safe in a store, placed a second charge. Apparently they were compelled to make a quick getaway without the aid of the result, which three Spartanburg officers were badly injured yesterday. They were trying to pry off the safe door when one of their implements made a spark resulting in the hidden charge going off. One of the officers had an eye blown out and the other two sustained bad gashes from flying metal.

Winston Would Ban Funerals on Sunday

SALISBURY, Oct. 2.—The Methodist Association, at its annual meeting today, voted on record in favor of putting a ban on Sunday funerals, except where such are actually necessary. The undertakers here are also said to be in favor of the movement. A committee from the association was named to confer with the officials of all the churches and secure their opinion. If it is favorable Sunday funerals are expected to be discontinued in Winston-Salem.

Police Who Used Cars Will Not Be Assessed License

Policemen who have used their cars in city service for pay, a fact which was recently revealed, will not have to pay any license tax under a ruling made by P. G. Ragland, commissioner of the revenue who today wrote to Chief of Police James R. Bell a letter on the subject which is appended.

Since the revelations became known and reached the ears of the police commission instructions have been given to stop the use of cars by officers in hauling prisoners to the jail. This leaves the department largely in the hands of transfer drivers whose machines were requisitioned for service until the city provides one or more vehicles for the constant use of the department.

The letter written by Mr. Ragland to the chief of police today is as follows:

October 3, 1922.

J. R. Bell, Chief of Police, Danville, Va.

Dear Sir:

I requested you by letter, dated September 26, to furnish me with the names of all policemen who were operating automobiles for hire. In your verbal reply to this request, made in my office the following day, you said that under the circumstances you did not think a license should be issued, but that you were willing to meet all just requirements of the law. I said to you that I would not consider the matter fully and let you hear from me.

On examination I find that Rule 23 of the regulations governing the police force of the City of Danville, adopted by the Council Oct. 12, 1891, reads as follows:

"No member of the police force shall engage in any other business or vocation but must devote his whole time and attention to the duties of his office to the exclusion of any other business matters."

"This rule in my opinion carries all the force and is as binding as any law or ordinance and I do not think broadly speaking, I have the right to license any unlawful business. In this view of the matter the question is no longer one of taxation but of discipline to be administered by yourself and I understood in your conversation that you had already moved in this direction by ordering a discontinuance of the practice."

"I am glad to say in conclusion that I think on the whole you and the police department are handling a very difficult and troublesome situation with tact and energy."

"As I have been quite a number of enquiries at my office as to what my action would be in the matter, I am handing a copy of this letter to the press for publication."

Yours very truly,
P. G. RAGLAND,
Commissioner of Revenue

City's Finance Committee Mum On One Man Car

The finance committee of the city council yesterday held a meeting for the purpose of considering the question of amending the franchise of the Danville Traction and Power Company to permit the operation of one-man cars to reduce the operating expenses of the company.

Mr. Holland briefly presented the case of the company and explained why the concern must curtail expenditures citing comparative figures to support his argument. No protestants to the plan appeared.

After hearing this presentation the finance committee announced that it would not make any recommendation until its report to the full council, which has been read next Tuesday night when the council will hold its monthly meeting.

At that time it is expected that persons opposed to the amendment will be heard from and those who favor granting the company the privilege it seeks.

WRIT IS GRANTED IN DRUG CONVICTION

Albert Powell, convicted in the circuit court of Pittsylvania county, of violating the prohibition law, has been granted a writ of error by the supreme court of appeals. The petition recites that, in April of this year, Will Pugh, state prohibition officer, and A. A. Mays, federal prohibition agent, visited Powell's residence and found in half a gallon of whiskey, in a garden nearby they found, buried, twelve gallons of the stuff which was supposed to have been imported from Virginia with the aid of prohibition. Two quarts of like beverage were found cooling themselves in a branch not far away. There was testimony that Powell was known as a liquor law violator, officers who made the raid.

Powell was without counsel at the trial and therefore failed to take many necessary legal exceptions. However, his counsel in the appeal made the point that the jury found the accused guilty of "misdeemeanor as charged in the within indictment law." The contention is, that the indictment charged a number of misdemeanors and that therefore the verdict should show which of these formed the basis for the conviction.

Remove Fence In Front Of Temple

Parks and Co., builders of the Masonic Temple began this morning demolishing the fence on the Main St. side of the building.

Opening the sidewalk and exposing the three stores which are nearing completion.

The store to be occupied by Richard Moore, the boxer of the free, will be occupied just as soon as the interior work has been painted. The task of scraping the hardwood floors has been almost completed and the electricians are making good progress in the installing of the handsome lighting fixtures.

It is understood that one or more of the stores on the Union street side have been rented but the identity of the firms so doing has not been divulged by the Masonic Building Corporation.

WITNESS

Henry Stevens, one of the brothers of Mrs. Frances Stevens Hall, widow of the New Brunswick (N. J.) clergyman found murdered with Mrs. Eleanor Reinhardt Mills, declares the slaying is a mystery to him. He has given the authorities all the information within his knowledge.

5 Robbers Escape An Army of Police

Elude 35 Automobiles, 25 Motorcycles, 120 Detectives After Bronx Hold-Ups.

NEW YORK, Oct. 3.—With thirty-five high-powered automobiles of the Police Department, twenty-five motorcycles and 120 detectives, a guard force of 250 men, the city police yesterday, escaped capture.

The police dragnet, thrown about the Bronx by Acting Chief Inspector Dominick Henry after the second robbery was reported, gathered in the automobile in which the men were alleged to have ridden. It was found abandoned at 160th St. and Franklin avenue, Bronx, early yesterday.

On the floor of the tenebrous were a light cap and a pair of shell-rimmed muffed glasses. The automobile was identified as the property of Mrs. Mildred Barto of No. 51 East 161st street, where it was reported to have been stolen last Friday night.

The five men first stole \$13 from the cigar store of W. A. Woolman, Lexington avenue, after firing several shots. The bullets buried themselves in the wall behind Woolman, who refused to obey the demands of the robbers to throw up his hands. An hour later they robbed the butcher shop of William Aaron, at No. 559 East 151st street, where it was reported \$55 was taken.

While the police were combing the Bronx for the robbers, another hold-up was reported. Charles Stahl, a taxicab driver, of No. 58 East 190th street, Bronx, was robbed of \$16 by three men who had engaged him to take them for a drive.

Patrolman Robert Clinton, twenty-eight, of No. 72 East 122nd street, suffered cuts of his left leg and a fractured finger when he was thrown from the running board of a taxicab while pursuing three hold-up men early yesterday.

Clinton, who is attached to the East 104th street station, was passing the store of John Purott, No. 255 Webster avenue, Bronx, when he heard Purott's cries for help. The three men were attempting to hold up Purott. Clinton and Patrolman Samuel Hook, also of the East 104th street station, gave chase. The men escaped.

Republicans In Ireland Attack The Nationalists

(By The Associated Press.)
BELFAST, Oct. 3.—Republicans made a surprise attack on the nationalist garrison at Omagh, County Louth, a sharp three-hour fight ensued. Ten Republicans are reported killed and many wounded.

Tobacco Man At Wilson Runs Amuck

WILSON, Oct. 3.—Sunday morning W. C. Hudson, a local tobaccoist, ran amuck at his home and attempted to annihilate his whole family. It is alleged that he began by assaulting his young child and when his wife went to the little one's rescue he assaulted her. At this juncture his son went to assist his mother. The father then took up an axe and started after the son who had barricaded himself in his room on the second story. The father battered in the door and the son jumped from the window and sent in a call for the police who arrested the frenzied father and locked him up. He is now in jail having been incarcerated on a lunacy commitment.

Negro Arrested For Murder; Slays Officer

Sleeping Family Have Close Call When Fire Starts

Fire prevention week, which started on Monday, has so far been marked by two fires, one of these occurring at a quarter to three o'clock this morning, endangering human life, two young women being saved possibly from serious injury by the prompt response made to the fire call.

The fire broke out at 2-45 o'clock in the home of G. W. Jennings, 324 Church street. The flames had their origin in a closet under the steps and had practically consumed these before anyone awoke in the upper floors were aware that the house was on fire. Two young women boarders, whose names are given as Misses Hicks, who were asleep in one room were awakened by the stifling odor of heavy smoke. They instantly heard the crackle of flame and cried out a warning to Mr. Jennings and his family asleep in other rooms.

Jennings succeeded in passing through the flames and striking the telephone, but the fire was so hot that after he had given the number to the telephone operator he was compelled to jump to safety outside the house and reaching the home of a neighbor turned in the alarm from there. The Northside and Patron street departments hastily turned out and readily saw the glow of the fire. One stream of hose was coupled up while men placed a ladder to a porch roof on which the Misses Hicks and other members of the family had taken refuge, their escape through the staircase being cut off effectively.

The fire was controlled after it had done extensive damage which was probably caused by a gas leak from the premises while repairs are being made.

A second alarm of fire came at 9:25 o'clock this morning from alarm No. 53 at the habitation of Raymond Street. Material on a stove in the home of Mrs. J. R. Coleman caused dense smoke and gave the impression that the house was on fire. The southside stations responded but quickly found that the house was not imperiled by fire.

HAGEN WINNER OF SPECIAL MATCH

RICHMOND, Va., Oct. 2.—Walter Hagen, British open champion, and Joe Kirkwood, holder of the Australian title, won a special match here today from Wilfred Thompson, professional at the county club of Virginia, and Clarence Hackney, of Atlanta City. Scores for the 36 holes were: Hagen 71, Kirkwood 71, Thompson 74, Hackney 74. Afternoon round Hagen 70; Kirkwood 73, Hackney 74; Thompson 80. Hagen and Kirkwood play in Norfolk tomorrow.

Mrs. Mabel Francis

"Tanlac helped me back to good health two years ago and I am feeling fine," recently said Mrs. Mabel Francis, highly esteemed resident of 626 E. Linwood Ave., Baltimore, Maryland.

"After taking the medicine I suffered from a nervous breakdown in my condition that I was both surprised and delighted. So I stuck to it and a few bottles built me up ten pounds and made me feel as if I had never had a sick day. My health has been fine ever since."

NOTE—The International Proprietaries Co., distributors of Tanlac, have an office in their offices at Atlanta, Georgia, over fifty thousand signed statements from representative men and women from every State in the Union and every Province of Canada. Many of these are from prominent people in this city and section and have been previously published in this paper.

Tanlac is sold by all good druggists.

Great Breakfast Dish

Stewed raisins—delicious energizing, ironizing food. Practically predigested. Also a fine natural laxative. Make it regular and get the best results.

Stewed Raisins

Cover Sun-Maid Seedless Raisins with cold water, and add a slice of lemon or orange. Place on fire, bring to a boil and allow to simmer for one hour. Sugar may be added but is not necessary, as Sun-Maid Seedless Raisins contain 75 per cent natural fruit sugar.

Sun-Maid Raisins should cost you no more than the following prices:
Seeded (in 15 oz. blue pte.)—20c
Seedless (in 15 oz. red pte.)—18c
Seeded and Seedless (11 oz.)—15c

Sun-Maid Raisins

No City Law Is Found Barring Incoming Farmer

Diligent enquiry made yesterday failed to reveal any city ordinance which would forbid farmers from entering the city on Sunday with their tobacco. It was any trace found of any rule or regulation promulgated either by the Danville Tobacco Association or the Tobacco Warehouse Corporation. While several people had expressed belief that there was a city ordinance or falling that, that some general agreement had been reached by the local warehousemen forbidding the opening of the doors—there is no tangible evidence of such a law. Both the city attorney and the city auditor have combed the re-codified ordinances which include every ordinance ever passed by the city and both stated yesterday evening that they were sure that no such city law had been passed.

Enquiry developed further that in all probability some construction had been placed on the state law governing Sabbath observance which inveighed against farmers bringing their product into Danville on Sunday the terms of this act being that there shall be an abandonment of business pursuits on that day. Mayor Wooding when questioned last night said that he could not undertake any interpretation of the state law in any official way, adding that he would determine a verdict on the presentation of evidence and that before he should a case develop in the police court. He knew of no city ordinance controlling incoming tobacco wagons on Sunday.

Chief-of-Police Bell stated over the phone last night that no complaint had been reached to the instructions of the police in regards to the farmers entering the city on Sundays, but that the matter was being considered. He further stated that he believed some decision would be reached before Sunday.

LACK OF HARMONY WITH OPERATORS

CLEVELAND, Ohio, Oct. 2.—(By The Associated Press)—Developments late tonight indicated that there was a pronounced lack of harmony within the ranks of the bituminous coal operators in session with miners here to formulate a plan for negotiating future wage scales, when it was learned that the operators in caucus this afternoon selected a protest to the federal government that a panel of 20 names of persons disassociated with local industry be submitted to President Harding for use in creation of a committee provided under the Borah-Walsh law recently passed by Congress.

ANNOUNCED ENGAGEMENT AT BRILLIANT PARTY

CHATHAM, Oct. 2.—The home of Mrs. C. E. Thompson on Main street was recently the scene of quite a brilliant party, the occasion being the formal announcement of the engagement of her sister, Miss Madeline Vaden to Hulse Fitzgerald, of Pittsylvania county, near this place. The guests having arrived, cupid cards were distributed on which were the twelve following questions, the wedding day, the time, what will the groom wear, what will the bride wear, what will their home be? what did he say when he met her? her answer? what her father said? does she love him? what will they say in five years? what he will do before he leaves? what will the rejected suitor say?

The answers to same were to be in the name of a song in which Miss Jaunita Yarbrough gave the greatest number correctly and was awarded the prize, which was a kewpie dressed as a bride. The color scheme was yellow and white which predominated throughout and was well preserved in the delicious refreshments which were served at the close. The nuptials are to be celebrated late in the month of October. The bride to be, is the youngest daughter of Mr. and Mrs. O. S. Henry Vaden, of Whitketown, this place. She is a young woman of many charms and very striking personality. The groom is now completing his course in dentistry at the Medical College of Virginia.

Ice cream is said to have been known in the Japanese in the thirteenth century.

GIFT OF SHINY AUTO MAY COST FORTUNE

MILLIE NAHARKY, MISSING INDIAN HEIRESS.

(By N. E. A. Service)

TULSA, Okla., Oct. 2.—A missing heiress, a kidnapping plot, an alleged worthless deed to oil property valued at half a million, and the whole brought about by a gift of a shiny new flivver to an unsuspecting relative—all of these figure in an Oklahoma mystery, the disappearance of Millie Naharky.

Millie, 18-year-old Creek Indian heiress to oil lands worth \$500,000, is the missing girl.

Shortly before she became 13 the girl with her parents and half brother, went to a mountain resort in the Ozarks. Her guardian and lawyer, Stephen B. Nelson, has not seen her since.

On July 6 a deed was filed here, conveying all of Millie's property to a local oil magnate for \$1000 and promise to pay \$24,000.

The deed was dated July 3. Nelson has started suit to annul it, declaring the girl was not of age at that time.

Search was then started in Missouri and Oklahoma for the girl.

Foxie Red, her half-brother, explained that some white friends had offered him a new automobile if he would coax the family to make the trip to the mountains. These "friends," he said, explained to him that Millie's guardian was attempting to obtain her birthright, and that the move was necessary to save it.

Millie is the daughter of a famous Creek councillor, Moses Naharky, who owned much of the land where now stand many Tulsa oil millionaires' homes.

With all of their new wealth, and despite the fact that numerous oil wells on their former property, within sight of their humble home, now gush out thousands of dollars worth of oil daily, the Naharky family is now almost destitute and living on small sums advanced by their attorney.

Even the stoic face of Foxie Red shows sorrow, now that he has learned that he unwittingly betrayed his half sister for the promise of a shiny automobile.

GEORGE SIDNEY MAKES HIT HERE

"Buzzy Izzy" at his best, was George Sidney here last night in "Welcome Stranger." He kept a large audience laughing continuously during the four brief acts, brief because of Sidney's inimitable characterization, his unique handling of awkward situations, his ability by simple gestures to convey such full and illumined meanings to his audience. It was good clean, rich comedy with sufficient plot to hold attention and enough plotting to impregnate the play with racy melodrama. Either in part or as a whole it is a thoroughly worth-while show.

George Sidney, of course, is the central character, and he handles his lines with an artistry that is pure genius. But, he has a supporting cast that is markedly above the average. His New England types were played by Chas. Newsome, Willard, Dashiell, Nicholas Burnham and W. H. Turner were good enough to have been lifted from the pages of Hawthorne. These "men of the town, who furnish the background for Isadore Solomon (George Sidney) on the New York Eve when he first arrived in the little New England town, supply the background for George Sidney's cleverest efforts. They furnish the atmosphere of prejudice, narrowness and exclusive born of fear, in which Sidney as the typical Jew, showed off to great advantage. Solomon came to establish a dry-goods store in the little New England town and the very first thing he met was opposition from the proprietor of the only general store in town. He stayed to become a promoter, and developed the town's water power for a public service corporation.

The plot thickened and was clarified a number of times during the course of the four acts and through it all was George Sidney who did his best—and succeeded—to keep the audience laughing all the while.

Charles L. Schofield as Clem Bemis, the man who controlled the water power project and became the laughing stock of the town until he was recognized and backed by Isadore Solomon, handled his part admirably and left a splendid impression. So also did Nora Sterling as Mary Clark, the girl who Solomon befriended when she had no other friends.

Of course there was a love story, a couple of them and one end of the thread of this very necessary feature of the play was held up by Harry L. Corman and William McGovern, acceptable lovers and Isadore was right on hand to do the untangling when there was a snarl or a couple of them.

Race prejudice is the motif of the play, the lines of which resolve into a clever and profound study of an attitude. Mr. Sidney handles his role in such a masterly manner that there is never the slightest doubt as his carrying his audience with him. He fairly drives them on ahead of him to the logical conclusion.

And, withal, the play is so full of clean wit, clever characterization and movement to laughter it is to be hoped that it will be treated to more of its ilk this season.

RICHMOND FIRM IS UNDER FIRE

By GEORGE MANNING (Special to The Register.)
RICHMOND, Va., Oct. 2.—Complaint of improper trade practices has been made against the Clifford Smith Company, of Richmond, Va., distributors of paints and allied products by the Federal Trade Commission.

The commission charges that the Clifford Smith Company is exploiting its advertising and other means a substitute for turning out the name of "Argentine Turpentine" and thus deceiving the purchasers into the belief that the product is turpentine when in reality it is not.

The Clifford Smith Company has been given thirty days in which to answer the charges after which the case will be tried on its merits.

ONE SCHOLARSHIP REMAINS
One of the several scholarships left by the late Rorer A. James for worthy boys who wish to be educated at Virginia Institute remains open. Suitable applicants should apply at the Register office without further delay. The enrollment can take place during the present term.

Progress Made Highway Project

Substantial progress was made yesterday towards furthering the highway project in which Lynchburg and other Virginia cities and towns are interested.

The Danville committee representing the Chamber of Commerce and the Young Men's Business Club which went to Chatham to appear with delegations from Lynchburg and Gretna before the county supervisors, returned in the evening encouraged in the belief that the continuation of the Axion highway through Lynchburg, Gretna, Chatham and Danville will be accomplished next year under the terms of the Robertson Act.

Danville was represented by A. D. Starling, W. E. Gardner, C. G. Holland, A. R. Carrington, Jr., W. E. Meade and C. T. Eldridge.

These gentlemen appeared with the other delegations before the supervisors an appeal being made for the support of the county in the road project. Lynchburg has agreed to put up \$785,000 for a hard surface road from Axton to Lynchburg. Pittsylvania was asked to pay the interest on the remaining \$250,000 carrying the road through Chatham to the hard road which connects with Danville. The supervisors agreed that the county would pay the interest on \$150,000 if Danville was to interest on the remaining \$100,000. The general belief expressed after the meeting was that this important link of highway would be done—not in the distant future but beyond doubt next year.

The Lynchburg council will be asked to take favorable action and this is said to be assured, leaving Danville to provide the interest for three years on \$100,000. In all probability the Danville will be put before the council at its next meeting in the hope that prompt action will be taken.

SERIES OF SERMONS AND DAILY LECTURES

A series of sermon-lectures on the fundamentals of Christianity, begun Sunday morning and continued that evening and last evening at the Mount Vernon Methodist church by Dr. Andrew Siedd, a professor in Emory University, Georgia, together with a series of daily lectures begun yesterday afternoon at 4 on "How We Got Our Bible" is today attracting many hearers to that church. Dr. Siedd is a son of the late Rev. Robert N. Siedd, D.D., who was pastor of the Main Street church here twenty-five years ago, but he is himself a profound student of Bible history and interpretation of the Scriptures. While the son has never resided here, he is well known in this city and indeed throughout the realm of Southern Methodism of which his father was an able and eloquent exponent. His chair at Emory University is that of New Testament interpretation, a post for which he is admirably fitted by reason of his wide and ripe erudition and his power as a speaker.

On Sunday morning and again on Sunday evening at Mt. Vernon, Dr. Siedd preached his first two sermons on "The Fundamentals of Christianity" and will continue to preach special sermons on phases of that general theme on each evening during the remainder of the week. In order to derive the benefit of the information conveyed and the continuity of the speaker's thoughtful presentation of his theme, it is desirable that all interested hear the whole series consecutively, or at least as many of the sermons as opportunity now permits.

The afternoon lectures on the origin and sources of the English Bible as it is known in the evangelical church are packed with information which Bible teachers and students desire and without which they are incompletely equipped.

All who desire to attend are invited to this series of afternoon lectures and evening sermons by a ripe scholar of Biblical lore.

RAINS POSTPONE GAME

DALLAS, Tex., Oct. 2.—Heavy rain which drenched the field of the Dallas Base Ball Park caused the postponement of the game between Mobile and Tulsa scheduled to be played today.

RACING IN THE OPENING EVENT IS SPECTACULAR

LEXINGTON, Ky., Oct. 2.—Some of the most spectacular racing in fifty years of history was witnessed at the opening day of the Golden Jubilee meeting of Kentucky trotting horse breeders association this evening. The feature event, the Walnut Hall cup, went to Sanford Small's four year old colt, The Great Volo, the three heats being the fastest even trotted in the event, and the third equalling the record for the event set by Ante Guy in 1915.

Peter and Brewer, in a hot stretch drive landed the first heat from Czar Worthy in impressive style, but Cox changed his tactics with the Great Volo in the second and third heats, coming from behind in well timed drives and landed the brother to Peter Volo and Volga in front. Frank H. Ellis's filly, Jene Revere of his own breeding, with the local trainer Ben White as pilot, won the thirty first renewal of the two year old division of the Kentucky futurity. Her second heat in 2:06 1/2 and the best of the season for a two year old trotter, Jene Revere if the Daughter of Volga that won the event in 1915. Volga's time on that occasion was 2:07 1/2, equalling the then world's record two year old trotting filly.

W. E. Dickerman's Finvarre, was a rather easy winner in the 2:15 trot which opened the meeting. Plain Mac from the Murphy stable was the favorite, but the brother of Escotillo was not to be denied. The closing event went to the Comet, driven by Henry Thomas, the finishes being close in each heat.

FUNERAL OF MRS. FERGUSON

Remains laid to rest Sunday near Mount Hermon Church.

The funeral of Mrs. J. P. Ferguson was conducted on Sunday afternoon from her home near Mount Hermon church in the presence of a large number of people. Rev. T. E. Peters of Kentucky Baptist church conducted the service. The pallbearers were all sons of the deceased, Messrs Louie, Willie, Henry, Abner, Ernest and Charles Ferguson, the flowerbearers being carried by her many grand children.

Mrs. Ferguson who was 61 years of age at the time of death resided in the county virtually all of her life. She united with the Baptist church 38 years ago and was a devoted member of it.

DIX—LAWS

Humphrey Dix and Miss Lillie Laws both of Ringsgold, were quietly united in marriage yesterday afternoon at three o'clock at the residence of Rev. J. Clyde Holland on North Main street. The young couple were accompanied by several friends. They will make their home in the County.

PREPARING PLAN FOR OPERATION OF NAVY YARDS

WASHINGTON, Oct. 2.—The special board of naval officers instructed by Secretary Denby to prepare a complete and specific plan to cover the operation of the navy yards and stations and all other navy property ashore, set to work today at the Navy Department with 'no' member willing to predict how long it will take to compile the recommendations the board will make. It was decided, however, that any attempts to hold public hearings would extend the work beyond all reason and on that account the board will receive representations as to yards and stations in writing only.

Secretary Denby said that in exceptional cases and to deal with particular points upon which the board required more information than was now available within the department, witnesses might be called. He indicated that he did not anticipate many such cases.

At its initial meeting the board appointed the various phases of the comprehensive study it plans to make and board members particularly qualified will begin at once preparing special reports for the entire board on the subjects committed to them for review.

As the membership of the board, which is headed by Rear Admiral Hugh Rodman, includes line officers of wide experience with the ships and in the department, constructors, civil engineers, and all the other technical staffs of the department, it is expected that a comprehensive study of the shore establishment problem accompanied by recommendations for the building of some new stations and the abandonment and sale of some old yards will result. Probably two or three more will be required, to complete the work.

MRS. WATSON DECLINES HONOR

ATLANTA, Ga., Oct. 2.—Mrs. Thomas E. Watson of Thomson, widow of the United States Senator Thomas E. Watson, who died last Wednesday, today declined appointment as temporary successor to her husband until the general election on November 7 when the nominee of a special Democratic primary of October 17 will be elected.

The Atlanta Constitution tonight published a story to the effect there is "a probability that the Governor Tuesday will announce the temporary appointment of Mrs. W. H. Felton, of Cartersville, as an interim successor to the late Senator Watson."

There was no confirmation from Governor Hardwick who has announced he will make public his appointment tomorrow.

Mrs. Felton was a close political friend of Watson.

Personals

—Miss Geneva Martin, Dean of Blackstone College, left Wednesday to resume her duties at that institution.
—Mrs. J. Alves Jones and children, Miss Katharine and Master Edward, who have been spending the summer with Mr. and Mrs. C. C. Shepherd, of the county, returned to Washington, D. C., Monday where Miss Katharine Jones will attend Gunton Hall. Mrs. C. C. Shepherd and maid will accompany Mrs. Jones and party to Washington.

—Miss Linnie Mae Turner has returned from a visit to Richmond.
—Harry W. Brewer left yesterday afternoon for Tuscaloosa, Ala., where on Thursday afternoon he will be married to Miss Edna Norman.
—Mrs. E. F. Littlejohn, visiting friends and relatives in Roanoke, Va. the week-end.

—Mrs. James W. Collie, of Chatham, who has been visiting her cousin, Mrs. Charles K. Carter, Paxton street, has returned home.

—Mrs. Howard Randolph Gano, of Charlotte, N. C., is the guest of her cousin, Mrs. James W. Collie, of Chatham. Mrs. Gano spent the past week in the city visiting relatives and friends.

—Mrs. E. P. Algood, who has been the guest of Mrs. F. O. Kidd during the W. C. T. U. convention, left for her home in Petersburg Saturday.

OFF ON MOTOR TRIP.
Alec Davis, W. T. Collie, Tommy Abbott and Willie Gardner left yesterday for a motor trip to Richmond, New York and Niagara Falls. They will be gone for ten days.

Lovely Healthy Skin Kept So By Cuticura

Daily use of the Soap keeps the skin fresh and clear, while touches of the Ointment now and then prevent little skin troubles becoming serious. Do not fail to include the exquisitely scented Cuticura Talcum in your toilet preparations.

Sample Book Free! Ask Address: Cuticura Laboratories, 155 N. 9th St., St. Paul, Minn. 55101. Cuticura Soap shaves without soap.

Appoint Woman To U. S. Senate

Mrs. W. H. Felton Named Today as Successor to Thomas E. Watson by Georgia Governor.

ATLANTA, Ga., Oct. 3.—Mrs. W. H. Felton, of Cartersville, Ga., today became the first woman member of the U. S. Senate when she was appointed by Governor Hardwick to fill the vacancy caused by the death of Thomas E. Watson, until his successor is elected in November.

Virginia Treasury Has \$446,934 Gain In Year

RICHMOND, Va., Oct. 2.—At the close of the fiscal year September 30, the gross balance in the state treasury was \$2,499,362.30, according to figures made public today at the office of E. Lee Moore, auditor of public accounts. This is \$146,934.61 in excess of the balance at the close of business in 1921.

Total receipts for the year beginning October 1, 1921, and ending at noon Saturday, were \$24,149,126.55 as against \$21,068,984.32 for the year previous. Total disbursements during the last fiscal year were \$23,702,261.94, while the disbursements for the year previous aggregated \$22,065,404.62. Balance in the treasury at the beginning of the fiscal year just ended was \$2,052,427.69.

The balance in the treasury at the beginning of the new fiscal year does not represent the balance of the state, strictly speaking, Mr. Moore added. Certain appropriations, such as the state office building fund, are included in the total balance and can not be applied to any other use.

Of the total disbursements in 1922 approximately 40 per cent were expended for road building and maintenance. In 1921 road appropriations amounted to more than 35 per cent of the total disbursement.

In Police Court

Mose Willis, colored, was held for the grand jury on a charge of assault on the person of a white woman. Willis was arrested last night and taken to the police station. He was held in the city jail until this morning when he was brought before Judge H. T. Haraway for arraignment. Willis was charged with assaulting a white woman named Mary, who was a servant in the household of a prominent citizen. Willis was held in the city jail until this morning when he was brought before Judge H. T. Haraway for arraignment.

The following other cases were disposed of: Boston Allen and Zenora Street, both colored, fined \$1 and costs for creating a disturbance. The Gibbs, summoned on the charge of disorderly conduct, did not appear when called. Harry Paxton, colored, fined \$5 for speeding. Case of Charles William, colored, for speeding continued. Will Dorcus, colored, fined \$15 and costs for gambling. A fine of \$10 and costs was imposed on Ed Keen, colored, for assaulting a white woman. Witnesses gave evidence of the negro beating the woman on the street. It was stated that the husband of the woman going to the show alone, after he had taken a trip with two other women the previous Sunday. Wayman Mann, colored, fined \$5 and costs on a drunk and disorderly charge. Burton Raines, fined \$20 and costs for speeding.

Fact Finding Body Will Be Appointed

(By The Associated Press.) CLEVELAND, Oct. 3.—A telegram from Secretary of Commerce Hoover, and Secretary of Labor Davis, requesting the submission of the names of 20 persons associated with coal mining for use in the creation of a fact finding committee in the coal industry, provided under the Borah-Windover bill, was in the hands of T. W. Maher, of Cleveland, temporary chairman at the second joint session of the bituminous miners-operators conference here today.

MILDRED HARRIS SAYS SHE IS ABOUT BROKE

LOS ANGELES, Oct. 3.—Mildred Harris, motion picture actress, now on a vaudeville tour, declared she received only \$5,500 from her former husband, Charles Spencer Chaplin, screen comedian, after the lawyers had been paid, and she was about to go into bankruptcy, according to the letter received from her here, which the Los Angeles Times printed today.

Miss Harris' financial condition was brought about by two long illnesses and by being out of work for many months, she said in the letter.

"I have been hounded for many months by my creditors, and have been paying most of my salary out to them weekly," the letter dated St. Paul read.

"Because this is an ex-producer of mine, he has no right to do as he likes with my money. He has sent me to buy clothes for three pictures and then cancelled my contract on account of my divorce. Mr. Chaplin would not stand for me on the same program with him."

The Second Circle of Epiphany Church will have an important meeting after the Wednesday night service.

Fall Campaign Opens In Seventh

WINCHESTER, Va., Oct. 3.—Opening guns of the congressional campaign in the Seventh Virginia district, which is to be one of the two real storm centers for the next month (the Ninth being the other), were fired today, and from now until election day, November 7, Democratic and Republican volunteers are scheduled to "shake the bushes" for voters in every nook and corner of the district on both sides of the Blue Ridge mountains.

State Senator John Paul, of Harrisonburg, Republican nominee for Congress, who is still contesting for the seat of Representative T. W. Harrison, Democrat, of Winchester, declared his candidacy tonight in the town hall at Woodstock, county seat of Shenandoah. The senator had a good-sized audience. Shenandoah always turned out well at any political meeting, and it was easy to get a crowd to hear him. It is one of the doubtful counties of the district, although it gave Governor Trinkle a record-breaking majority in the last gubernatorial campaign. Judge Harrison, who is getting ready for the campaign, issued a statement here today in regard to the demand made by the Republican district committee that names of all persons making application for nomination be given to the committee.

"It is a political trick—a further attempt to disfranchise the people of the district," said Representative Harrison, whose seat in Congress will be given to Senator Paul as a result of the 1920 election contest, if the House adopts the report of Chairman Dallingier, of the House elections committee.

"Fifteen thousand dollars easy money for one contest looks mighty good, and maybe \$15,000 more from Massachusetts. Dallingier is better off than I am," said the people," said Judge Harrison.

"In Winchester last spring," he continued, "the lists were purged in strict conformity with the law. The Electoral Board and the grand jury were duly posted. If any three qualified voters objected to the registration of any voter the fullest opportunity to be heard was afforded him. Had these Republicans desired to raise the question as to the legality of the registration of any voter, it could then have been done at a time and in a manner to secure proper legal consideration of any of their contentions."

"Their belated move now is simply a sham. It would be impossible to purge the lists and re-register the vote. It would result in the disfranchisement of many voters, many of whom are now holding important offices and many of whom have been voting year in and year out since 1904."

Vandals Enter Synagogue and Do Much Damage

RICHMOND, Va., Oct. 2.—When the congregation of the Sons of Joseph entered their improvised synagogue at Broad and Bowe streets, for the most sacred religious service in the Jewish calendar, in observance of Yom Kippur, the Day of Atonement, yesterday they found furnishings thrown about in confusion, and discovered the plan of worship had been burglarized of its most sacred vessels.

With the scroll from the holy altar removed and broken, the pews of hymn books torn from their bindings, curtains and other interior decorations ripped and their hangings and scattered about the floor, the congregation stood appalled at the havoc wrought by vandals. They regarded the damage as a desecration of the temple, and an attempt to rob the congregation of its most sacred vessels.

The alleged vandals, who were seen debating as to whether they would occupy the synagogue in a desecrated condition and viciously were delayed while police officers investigated.

Speaking on behalf of the board of trustees, Henry Cohn said that yesterday's burglary made the fourth time a temporary synagogue had been entered, and that the congregation would offer a reward for the arrest and conviction of the burglars or vandals. The damage to the furniture and synagogue was estimated by Mr. Cohn at \$4,000.

Investigation by detectives assigned to investigate the case disclosed the fact that an entrance had been forced by removal of a staple holding the padlock of an east door to the building.

Grain Dealers' Annual Meet

(By The Associated Press.) NEW ORLEANS, Oct. 3.—Full cooperation of the grain trade with officials of the department of agriculture in the administration grain futures act was declared by Dr. H. C. Taylor, chief of bureau of agricultural economics, in an address at the annual meeting of the Grain Dealers' National association here today.

CARNIVAL TRAIN IS WRECKED; ONE KILLED

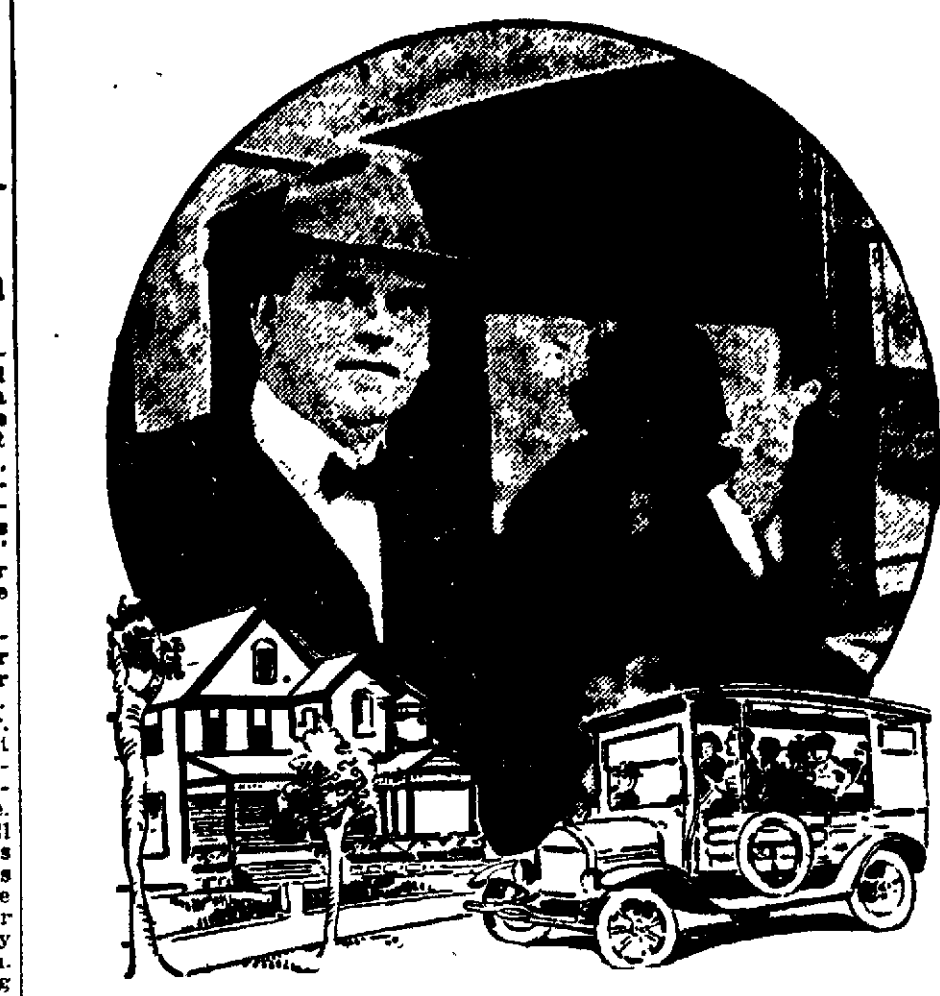

PETERSBURG, Oct. 3.—A train consisting of nineteen passenger coaches and seven of which were loaded with animals enroute from Louisa, Va., to Greenville, S. C., with the Barnard's Greater Shows, where the show was billed to exhibit this week, was wrecked late yesterday afternoon at the Union station here, completely blocking for several hours the main tracks of both Atlantic Coast Line and Norfolk and Western Railways. Three of the flats loaded with wagons and other equipments of the show were completely wrecked.

On the train were about one hundred members of the company but only one, Howard Gardner, manager of the plantation show of the company was injured. Gardner suffered a sprain and is feared is injured internally. The injured man, whose home is said to be near Columbia, S. C., is taken to the Petersburg Hospital for treatment.

On account of the wreck the entertainment for the appearance of the show in Greenville was cancelled and the show will remain in this city to exhibit at the Petersburg Fair which opens on October 5th and continues through to the 14th.

Little Miss Dorothy Owen is quite sick at her home with tonsillitis.

LET CONSCIENCE BE YOUR GUIDE

EDGAR H. BRISTOL AND HIS "NEW CIVILIZATION" AUTO BUS

FOXBORO, Mass., Oct. 3.—Trolley cars without fare boxes; telephones without slot machines; gas meters without any register.

That's what we'll be enjoying soon if the "New Civilization" idea, born here, keeps spreading.

It's a simple idea, based on the faith that everyone has a conscience, which will be his guide. The organization backing the new movement accepts the motto of the individual as his only asset.

It seeks to provide the necessities of community life, accepting in return only what the conscience of the persons impels him to give.

Already the tow buses of two automobile buses run on the new idea. Passengers, taken anywhere day or night, pay any fare they please. If they don't think the ride is worth anything at all, they needn't pay a cent.

This proved so successful that Edgar H. Bristol, a wealthy manufacturer who is father of the "New Civilization" movement, decided to expand its scope. He purchased a large house, which will be used as a public hospital and community center, as soon as alterations are completed. Each patron will pay only what his conscience dictates.

There will be a telephone for public use, but there won't be any slot machine. If the caller is so inclined he may drop some money in a little box.

If not, he needn't pay at all. Bristol believes that his idea is quite practical and that it will soon sweep through the country. "I am very much interested," he says, "only in that which is economically sound. 'New Civilization,' as you see it working out here today in Foxboro, is developing everywhere, only it is developing here more rapidly than elsewhere."

"There are those who say the world is going to the dogs. There are others who predict the realization of the millennium within 25 years, and there are others who are satisfied with things as they are and don't want to be driven out of easy street by the muttering tollers."

"In starting this movement here I am not in that which is tangible and probable. The idea has gained prestige and now we enjoy a membership of 1,100."

The movement is daily drawing new followers, and a promise to abide by the principles of the organization being all that is required for membership.

Business Picking Up

The "New Civilization" buses were placed in operation about six weeks ago. Each contained a coin box into which the passengers could drop their coins. The coin boxes were opened each day by a representative of a local bank.

The first week showed a deficit in the operation expenses of approximately \$46. But the people of the town have gradually grasped the idea and have become enthusiastic over it. As a result the loss has been steadily cut down until the last deficit was but a little more than \$5. It is entirely wiped out and that the bus business will soon be on a good paying basis.

The founder of the movement has equally high hopes for his hospital and community house and plans gradually to increase the scope of work until it will embrace nearly all of the town's activities.

Drowns In Saving Wife As Ship Bears Her Mother To Her

NEW YORK, Oct. 3.—Handkerchiefs were waving gayly and joyous greetings were flying between passengers on the Italian steamship Giulio Cesare and friends ashore and on motor boats yesterday morning as she warped into her berth at West 57th street and the North River. It meant reunion with loved ones, with the 900 persons who lined the rails or gazed from the porches, seven feet above the water line.

One of these portholes framed the face of Mrs. Joseph Sarcidio, who here, here in Naples, to make her home with her daughter and son-in-law at No. 252 Pine street, Jersey City. The Sarcidios had come up the river in the motor boat Lillian, on which with other passengers, passengers who had friends in the steerage.

They had just reached a point opposite the porthole and had recognized the mother. Mrs. Sarcidio stepped forward and leaped into the water. She screamed and sank.

The handkerchief waving ceased abruptly. Before any of the 2,000 passengers or the hundreds ashore and on motor boats had recovered sufficient composure to cry for help a man shouldered his way to the bow of the Lillian M. and leaped overboard. The man was Joseph Sarcidio.

He dived near the spot where Mrs. Sarcidio sank. As he disappeared she came to the surface, about twenty-five feet from the motor boat. Her dress encumbered her. She was helped up by Caserio Vaccaro, a chauffeur, of No. 34 Rome street, Nutley, N. J., and a passenger on the Lillian M., doffed his coat and made a running dive.

He reappeared with Mrs. Sarcidio. Her husband reached her side at about the same time. He was plainly suffering from chill. He went down before he could grasp her hand which was outstretched to him, he never came up again.

As he sank Mrs. Sarcidio began battling with Vicario in an effort to free herself and dive after her husband, despite the fact that she cannot swim. Vicario was reinforced by a man whose name is said to be John Hyland, but whose address was not obtained.

They succeeded in restraining Mrs. Sarcidio, but both were showing signs of complete exhaustion when one of a hundred life preservers thrown from the decks of the Giulio Cesare floated within reach of Hyland.

He and Vaccaro held it until a rowboat reached the mother and Mrs. Sarcidio. Throughout the enactment of the tragedy Mrs. Sarcidio's aged mother had kept her face at the porthole. But when her daughter was safe aboard the rowboat it disappeared. She had fainted.

Police of the Marine Division recovered Sarcidio's body a few hours later. Physicians who attended Mrs. Sarcidio said her condition was not serious.

26 Turks Are Killed By Greeks

(By The Associated Press.) CONSTANTINOPLE, Oct. 3.—Twenty-six Turks, including one officer, were killed by Greeks after the Turk invasion of Chatalja, in the neutral zone yesterday, according to a communique issued by the Greek commander.

U. S. S. Utah At Gibraltar

(By The Associated Press.) GIBRALTAR, Oct. 3.—The United States dreadnaught Utah, with Vice Admiral Long, commander of the fleet, has arrived here to await the arrival of the cruiser Pittsburgh, which will become the flagship of the American naval forces in European waters.

Zaimes Declines To Join Cabinet

(By The Associated Press.) LONDON, Oct. 3.—Alexander Zaimis, named new Greek premier by the revolutionary committee, has sent a message declining the appointment on the ground of ill health, according to the Reuter Athens correspondent.

Mexico Blames It All On U. S.

(By The Associated Press.) WASHINGTON, Oct. 3.—Mr. Caserio Vaccaro, originating in the United States is blamed for the recent revolt of the Mexican garrison, Juarez, according to a statement issued by the Mexican embassy here.

Randolph Covington Is Back From India

Randolph Covington who since 1918 has been representing the British-American Tobacco Company at Bangalore, in India, arrived home this morning on leave of absence of six months, this being his first vacation since he left for that distant home. Mr. Covington sailed for America last August 11th.

Home For Aged Moose Dedicated

(By The Associated Press.) JACKSONVILLE, Oct. 3.—High officials of the Fraternal Loyal Order of Moose are here for the dedication of a home for aged members of the order.

Penniless, Widow of Hammerstein Begs For Work

NEW YORK, Oct. 2.—Declaring that she has no funds and must find work at home, Mrs. Oscar Hammerstein, widow of the impresario, today inserted this advertisement in a morning newspaper:

"Must have work of any sort at once. Mrs. Oscar Hammerstein (widow of the late impresario)."

Mrs. Hammerstein, who is staying with friends, said she had not a dollar in the world, and must earn money for herself and her pet dog. Since she lost the Manhattan opera house recently, she said, she had been dependent on friends.

Zaimes Declines To Join Cabinet

(By The Associated Press.) LONDON, Oct. 3.—Alexander Zaimis, named new Greek premier by the revolutionary committee, has sent a message declining the appointment on the ground of ill health, according to the Reuter Athens correspondent.

Shooting Affray At Reidsville, N. C.

REIDSVILLE, N. C., Oct. 3.—Tobacco breaks at the local auction warehouses continue steadily, though not large. Prices are holding up very well. Thursday's sales totaled \$7,495 pounds, sold for \$2,434.62; average \$22.50. Friday's sales were 32,440 pounds; sold for \$7,182.31; average \$22.14.

Charles Oakley, a well known young ex-service man, was shot twice by Jessie Gillie, another young white man, at the home of George Allen on West Market street about 11 o'clock Friday morning.

It seems that Gillie had had a quarrel with "Cootie" Hopkins, a white lad, and began beating him. Young Oakley protested and told Gillie if he wanted a fight to fight a man—not to beat up a boy that way. It is said that Gillie then went to his home, secured his pistol and came back. He fired at Oakley twice. One ball passed through the left side of Oakley's neck, and the other bullet passed through his left breast, just below the shoulder. Oakley grabbed the pistol and wrenched it from Gillie's hand. He then ran, bleeding profusely about the head. He made his escape and is still at large.

Young Oakley was carried to the home of his mother on Shelton street where he was attended by a physician. He is resting easily and there is a chance for his recovery if infection or pneumonia do not set in. The young men were drinking at the time of the trouble.

J. L. Harris, one of the negro laborers with the Cheatwood-Driscoll road force, was knocked on the head with an axe as he was returning home near Westwood Sunday night. The negro was badly hurt and it is a toss up whether he survives the blow. He is unable to tell who struck him. It is supposed that a number of the negroes working at the rock quarry at Wolf Island church, were severely injured Saturday morning by a blast of dynamite. The regular blasts had been fired and all the men were except one. While tamping among the unexploded mine it went off. John Nunally's left arm was broken and badly lacerated. He was carried to a Greensboro hospital and the injured limb taken off. Kid Jones' left hand was badly lacerated but Dr. McGehee, who is treating it, thinks he can save it.

Fire Destroys Co-Ops Warehouse

ROCKY MOUNT, Oct. 3.—Fire of determined origin Saturday night destroyed the bonded warehouse at Nashville, leased by the Cotton Growers' Co-operative association and owned by Gray R. King and others. The loss, estimated at \$35,000, is partially covered by insurance.

The blaze was discovered about 8:30 Saturday night and soon reached such serious proportions that a call for help was sent to this city. The pumping unit of the local department, manned by about 20 firemen, promptly responded to the call, and through the combined efforts of the Nashville department and the local firemen the blaze was brought under control shortly after 10 o'clock. Although the walls and cotton are continuing to smoulder, it is estimated that about 50 bales of the cotton may be salvaged.

COTTON REPORT

(By The Associated Press.) WASHINGTON, Oct. 3.—Cotton ginned prior to September 25th totaled 3,883,886 bales. The Census Bureau announced today.

Embarrassing Hairs Can Be Quickly Removed

(Beauty Culture.) Hairs can be easily banished from the face and neck and face by this quick, painless method: Mix into a stiff paste some powdered delatone and water, spread on hairy surface and in 2 or 3 minutes rub off, wash the skin and it will be free from hair or blemish. Excepting in very stubborn growths, an application is sufficient. To avoid disappointment, buy the delatone in an original package and mix fresh.

33 Years In The Paint Business!

Our 33 years in the Paint Business exclusively has enabled us to judge the value and lasting quality of various paint grades, but we have also learned how to buy and handle paint in such quantities as to supply our dealers and others with the very best grades of paint at the lowest prices.

As wholesale dealers we buy in large quantities, taking advantages of all cash discounts, we are in position and do sell quality paint for less.

We keep in stock at all times a complete line, in all size packages, and are in position to supply you with any quantity of any paint you may desire on short notice.

If you contemplate painting of any kind it will pay you to get our prices. We sell only high grade paints, and at prices lower than cheaper paints.

PROPERTY OWNERS OBJECT TO APARTMENT

MINNEAPOLIS, October 2.—Owners of residences in the exclusive University Hill district are offering vigorous objections to the erection of a 13-story, 130,000,000 thirteen-story apartment building in their midst. Plans for a five million-dollar apartment building in the business district was announced today.

More than 60 per cent. of the men students earn at least a part of their expenses at the University of Wisconsin.

Back Feel Lame, Sore and Achy?

Are you lame every morning? Do you drag through the day with a steady nagging backache—evening find you "all played out"? Probably your kidneys are to blame. Hurry, Worry, Lack of Rest and a heavy diet, all tend to weaken the kidneys. Your back gives out; you feel depressed and suffer headaches, dizziness and kidney irregularities. Don't go from bad to worse. Use Doan's Kidney Pills. Home folks recommend them. Ask your neighbor.

HERE'S DANVILLE CASE.
R. O. Your 11-city fireman, 218 Campbell St., says, "I had trouble. I had a frequent desire to pass the kidney secretions. Dizzy spells, came on and black specks floated in front of my eyes. My back hurt terribly. Doan's Kidney Pills relieved all these symptoms of kidney complaint. I still use Doan's occasionally to strengthen my kidneys."

DOAN'S KIDNEY PILLS
60¢ at all Drug Stores
Doster-Millham Co., Inc., Buffalo, N.Y.

"Gets-It" For Corns Costs Little

If so-called corn "cures" have only made your feet more sore and tender,

Don't despair. For instant, complete, permanent relief is guaranteed by the new method. A few drops of "Gets-It" removes any old or new, hard or soft corn from any foot. It peels off in your fingers. Costs but a trifle—everywhere. Recommended by all druggists. E. Lawrence & Co., Dr., Chicago.

Sold in Danville by J. C. McFall's Drug Store, John L. Hagen and Booth's Drug Store.

STOP ITCHING ECZEMA

Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop itching, itching Eczema quickly by applying Zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of Eczema, Tetter, Pimples, Rash, Blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. When others fail it is the one dependable treatment for skin troubles of all kinds.

Cows Killed by Nails and Wire in Feed

Live stock insurance companies are warning dairymen to beware of feeds containing nails, slugs, staples, tag fasteners and baling wire.

Swallowed with feed this death dealing junk ruptures the stomach and lodges in the animal's heart. Death is sure to follow.

LARRO protects your cows from this danger. It is the only dairy feed which, in its finished state, passes over a powerful electro-magnet. Every piece of iron and steel is thus removed from **LARRO**.

Don't take chances with your cows when **LARRO** guarantees this protection.

Play Safe—Feed Larro

J. I. Pritchett & Son

Christians Pour Into Smyrna

SMYRNA, Oct. 2.—Although the time limit fixed by the Turks for the evacuation of refugees expires at midnight tonight, there still is a steady influx of Christians from the interior. Relief ships under the protection of the American flag Kuto play between here and the island of Mitylene, which is the nearest refuge for those who are fleeing from the Turks. The Americans hope to evacuate from Smyrna all those at present in sight within three or four days. They are going ahead with their plans just as if no time limit for getting the refugees away existed. The Americans assert that if all the boats promised arrive they will have the refugees safely away from the coast by Wednesday. The surprise of the American disaster relief committee the census showed there were 100,000 refugees in Smyrna Friday, after the committee had thought the departure of 25,000 had reduced the total remaining to below 50,000. The influx came from the hinterland, and nearby hiding places. On the whole the refugees now in Smyrna are being treated in a more civilized fashion than the first arrivals, notwithstanding the temptation of the Turkish irregulars to rob those among them who still have funds. The committee director of the American disaster committee, has opened registration bureaus, which are in charge of near relief workers, at the refugee centers of Mitylene, Cavala, Rodosto, Salonika, and Athens. At Mitylene there are now more than 100,000 penniless refugees, adding to the 100,000 penniless refugees and Turkish irregulars. Food, and even water, is at a premium, and the whole island is a breeding ground for pestilence.

Durham Wages War On Beggars

DURHAM, Oct. 2.—Efforts to relieve the city from the epidemic of beggars that are now plaguing their profession in the city are now being made by the police department. The first drastic step towards ridding the city of this class of human parasite was taken last night by the police when W. D. Burke, of Norfolk and Birmingham, a couple was given until this morning to leave the city. He was charged with soliciting alms and blocking the sidewalks of Main street. An ordinance will be proposed at a meeting of the city council tomorrow night by local welfare officers empowering the welfare department and the police department to handle the matter. Plans are being made in Durham for the tuberculosis clinic to be held here October 17-28 by the health department assisted by the Red Cross. Tom Parker, 18 year old boy of Kingston, was picked up from the steps of the county courthouse last night suffering from illness and was rushed to Wake hospital where it was found that he was suffering from lockjaw. The boy stated that Monday he stuck a rusty nail in his left heel and since that time the wound has been giving him considerable trouble.

Rat Charms a Canary In Cage; Kills Songster

CHILDRESS, Oct. 1.—Did you know that a rat can charm a bird the same as a snake can? "Caruso," the pet canary of Mrs. Juanita Scott, was in his cage, which was temporarily placed on a table, when a rat charmed the feathered songster to sing. The bird fluttered long to the bars of the cage. When the canary fluttered up to the bars of the cage, the rat attacked the bird and killed it.

BANED FROM NIGHT HAS CHICKEN POX

PHILADELPHIA, Oct. 2.—Physicians today barred Pancho Villa, the Mexican flyweight boxing champion, from his scheduled bout tonight with Battling Murray, declaring that the champion is suffering from chicken pox.

Human tears contain a remarkable substance which has the power of killing microbes.

A racking nervous headache? MENTHOLATUM chases it away.

"MARRYIN' PARSONS" DISAGREE

THESE TWO MINISTERS HAVE MARRIED MORE THAN 7,000 COUPLES. REV. FRANCIS VANN HORN, OAKLAND, CAL. IS SHOWN WITH HIS WIFE AND FAMILY. BELOW IS REV. A. D. SKAGGS, VANCOUVER, WASH., WHO HAS MARRIED 6193 COUPLES.

MUST WED 'EM, SAYS OTHER.

(By N. E. A. Service.)
VANCOUVER, Wash., Oct. 2.—"Marryin' parsons" there are in every section. But Rev. A. D. Skaggs, with a record of making 12,385 hearts beat as 6193, lays claim to the title of "Marryingest parson" in America. Rev. Skaggs has just retired as a minister of the Christian church, after 54 years' service in Missouri, Kansas, Oregon and Washington. His record for marriages averages 115 or nearly ten a month for a week, during that length of time.

"If they're going to marry, you can't stop them," said Rev. Skaggs. As long as it is legal, I marry them. And now that he is out of the ministry, he is usually the more nervous. "Some poor fellows get so frightened they don't know what they are saying."

The women, though, are the cool ones. They usually make the arrangements with me for the wedding. "The average matrimonial fee paid me has been \$5. Some men, though have paid \$10 or more—while other couples have walked out without giving anything. But I insist on whether they pay a fee or not."

But marriages are not the minister's only claim to greatness. He has baptized 7393 people to date, while in the early days of the missionary ministry in the west he was so much in demand for funerals that he became known as the "burying parson."

Text Of Democratic Wine and Beer Plank

SYRACUSE, Oct. 1.—Following is the plank in the Democratic platform favoring light wines and beers: Recognizing that the interpretation of the Eighteenth Amendment to the Federal Constitution expressed in the Volstead act has resulted in widespread contempt and violation of the law, an illegal traffic in liquors and in official corruption, we insist upon Congress enacting such modification of the Volstead act as shall legalize, subject to the approval of the State of New York, the use of beer and light wines under such careful restrictions as were imposed by the law passed in New York in 1920.

Southern's Train Service Is Normal

ATLANTA, Oct. 1.—With the restoration today of passenger trains No. 43 and 44 between Cincinnati and Chattanooga; Nos. 22 and 24 between Louisville and Danville, Ky., and Nos. 42 and 43 between Chattanooga and Tusculum, Ala., the Southern Railway service between St. Louis and Asheville, and between Louisville and Atlanta, the Southern railway officials announced tonight that all passenger train service temporarily discontinued on account of the shopmen's strike had been restored to normal schedules.

MARTIN BURKE WINS

NEW ORLEANS, Oct. 2.—Martin Burke of New Orleans was awarded a decision over Fred Fulton, of Chester, Minn., at the end of a 15 round bout tonight. Fulton weighed 211 pounds and Burke 177.

Judiciary Bill Splits St. Thomas

CHARLOTTE AMALIA, St. Thomas, V. I., Oct. 3.—Differences of opinion arising over a council committee report on a judiciary bill have caused a political situation in the Virgin Islands which is causing a considerable amount of local comment.

The chief cause of the misunderstanding seems to have arisen over a paragraph in the council committee report concerning the judiciary, which was submitted late in August. The section to which Governor Kittelle took exception was as follows: "We do not deem it advisable for one judge to sit and determine appeal cases passed upon by a coordinate judge. It is to be expected, and we know it is the practice for judges of coordinate rank to sustain each other, and especially would this be true where each judge would be sitting on the other's cases. We are afraid it would result in a demonstration of the old adage, 'You scratch my back and I will scratch yours'."

Commenting upon this paragraph in his proclamation, Governor Kittelle said that reflected upon the honesty of judges and inferred that they would sustain each other's decisions "without regard to law or justice or their own offices."

The proclamation dissolving the council was based on a refusal of the councilmen to meet, it is stated, and on the ground that no quorum could be obtained.

Famous Dancer Denied Admittance

NEW YORK, Oct. 1.—Isadora Duncan, the famous dancer, who was born in California and has been abroad since 1917, was refused permission to land today when she arrived on the steamship Paris. She was accompanied by the young Russian pianist, Zerkov, and the young Russian pianist, Zerkov, who she married. With the pair was her secretary, also a Russian writer, W. Wetling. All three were notified by immigration inspectors that on "orders from Washington" they were denied admittance to the island.

The members of the party were ordered to Ellis Island, but were permitted to stay aboard ship tonight after officials of the line offered security for their safe keeping pending further advice from Washington.

Immigration officials would not say why Miss Duncan and the Russians were held. Miss Duncan said she had been assured by the United States consul in Paris that she would be permitted to land. The officials of the party had been properly advised.

NO ORDERS TO KEEP OUT

DANCER, SAYS DAVIS

WASHINGTON, Oct. 2.—Refusal of New York immigration authorities to permit the landing of Isadora Duncan, the dancer, and her Russian husband and secretary, was not on orders from Washington, Secretary of Labor Dredge, said today, but was a matter of the department of labor, under which the immigration bureau operates, said they knew nothing whatever of the case.

"The question of permitting Miss Duncan, or others to enter the port of New York is entirely in the hands of the authorities there," said Mr. Davis who explained that the board of inquiry at New York, which excluded aliens and others acted on its own initiative.

"This is the first I have heard of Miss Duncan's detention, and no orders to keep her out of the country have been sent from here," he added.

Cars Crash, Man Burns to Death in Gasoline

BALTIMORE, Oct. 2.—One man was killed and seven persons injured early today when an automobile carrying eight passengers crashed into another car that had stopped on Reisterstown Road near Clark Lane.

The dead man is William Hessian of Boston. He was burned to death when flaming gasoline splashed over him. One of the injured was L. M. Lord, Plainfield, N. J., bruised and shaken, who escaped burning by breaking the small window at the rear of the machine and crawling through.

William Rosenberg, No. 909 No. Castle street, had pulled his machine to the roadside. It is said, and had the hood open when the crash came. He did not notice the approach of the other car until its lights flashed on him. He jumped out of the way as the crash came.

Rosenberg hurried to the assistance of the victims. All three dragged out except Hessian, who was frantically trying to get his coat over his face to ward off the flames of the gasoline. Others, badly burned, made every effort to release him.

Makes a Family Supply of Cough Remedy

Really better than any made. Really and quickly prepared.

If you combined the curative properties of every known "remedy" could remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2 1/2 ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nerve throat tickle and breaks the sore, irritated membrane so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of several herbs, pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for 2 1/2 ounces of Pinex with full directions. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Pung Chow Deals Poker Out

CHINA has made another contribution to civilization. This time it is a game. All through China—not only among the Chinese but in American, British, French and other foreign circles—there is a new craze. It is a game of strange looking, bamboo-backed ivory bone-faced objects somewhat resembling dominoes. As the players about the table become excited, they ejaculate "Pung!" "Chow!" "Mah Jongg!" and the like.

They are playing one of the oldest games of the oldest civilization in the world. "Mah Jongg."

In the Far East the game has superseded dominoes, poker and bridge. Everywhere in the clubs, in homes and tea houses, Mah Jongg's the thing.

America, getting the craze. Now the craze has hit America. It can be found even at department stores, at least in the larger cities. In America they call it "Pung-Chow."

Pung Chow is played by four persons with "tiles" and the units are called—136 in number. There are divided into five suits. Three have the same value and run, like cards, from one to nine. The suits are called "bamboo," "dots" and "characters."

The other two suits are honor suits and are of higher scoring value. One is named for the four winds—East, West, North and South the other for the Dragons—Red, White and Green.

A four-sided "wall," two tiles deep, is built and from this wall the players draw 13 pieces, plays the banker—the banker is always known as "East Wind" and gets 14.

By a system of drawing each player strives to build up a winning hand. This may have even more value than in poker.

Counters—little bonesticks—take the place of chips and there is a "settling up" after each hand is played—the banker winning or losing double.

You can learn to play in an evening. Your lifetime is too short, however, to learn all there is to learn. As a mind-builder and a teacher of concentration it has also backed off the boards.

That's why it was called in the Orient "the game of a thousand intelligences."

Mah Jongg means "sparrow." For thousands of years it was a game of royalty only. Only emperors, their families and the Mandarin class played it. It was then—centuries ago called "the Ling," meaning "the lark," the "bird of a hundred intelligences." The legend goes that a common person would lose his head if found playing Pe Ling.

It later became popular under the name of "Mah Jiao," meaning "mating the pair."

No Gambling At Fair At Raleigh

RALEIGH, Oct. 2.—The annual announcement of Mrs. Edith Vanderbilt, president of the North Carolina State fair, that nothing even remotely resembling gambling will be allowed on the grounds during the 1922 fair, which will begin October 16, has met with hearty approval by newspapermen and individuals throughout the State.

At the conclusion of the 1921 fair the first under her presidency, Mrs. Vanderbilt announced that she would make every effort to see that the future fairs would be state-wide in fact as well as in name. Elimination of the games that have played a prominent part in some of the previous fairs is only a detail in Mrs. Vanderbilt's general policy of making the annual fair a cross section of the life of North Carolina rather than a mere carnival. Amusements will be provided in abundance but they will not be the whole show in themselves, but will be incidental to the exhibits in the 23 departments of the fair, representing every phase of the varied life of the State.

One Dead, Six Overcome

By Vinegar Plant Gas

ALEXANDRIA, Va., Oct. 2.—Fredrick H. Hensley, 15 years old, was overcome by monoxide gas when he entered a big wooden vinegar tank at the plant of the National Fruit Products Company yesterday.

Hensley died before he could be gotten out of the tank. Six other workmen, among whom were three who went to rescue the boy, were overcome, but soon were revived.

WORKS FOR CHILD MUST KEEP WELL

Mothers in a Like Situation Should Read This Letter from Mrs. Enrico

Chicago, Illinois.—"I took Lydia E. Pinkham's Vegetable Compound for a serious trouble. I had tried doctors, all said the same—operation. At first I only felt the pain on my left side, but later I seemed to feel it on both sides. I am a power sewing-machine operator and have a little girl to support. I was in a tailor shop and that kind of work has been very slack this year and I am home part of the time. I do not like to take any chances, so I consulted my friends, and one lady said, 'Take Lydia Pinkham's medicine,' so I did. I have felt better right along and am in good enough health to go to work. I recommend your Vegetable Compound and Sanative Wash to all."—Mrs. MARY ENRICO, 459 N. Carpenter St., Chicago, Illinois.

Often the mother is obliged to support her children and good health is necessary. Lydia E. Pinkham's Vegetable Compound is just the medicine you can depend upon. It is a medicine for women's ailments and the relief it brings. Mrs. Enrico may bring to you. A well by taking Lydia E. Pinkham's Vegetable Compound.

SUGGESTED LAWS FOR WOMEN IN UNITED STATES

WASHINGTON, Oct. 2.—Suggestion that many of the steps taken by European countries for the protection of women in industry might be well adopted by the United States is made in a report presented today by Mrs. Alma D. Britton, of San Francisco, who for the past three months has been making an investigation of industrial conditions in Europe as they pertain to working women.

Mrs. Britton was in Paris when she received a commission from Secretary Davis to make an investigation in behalf of the women's bureau of the department of labor into conditions as they affect women in industry in Rumania, Serbia, Italy, France and England. Senator Shorridge, of California, accompanied Mrs. Britton today when she presented her report to Secretary Davis whom she met for the first time.

"Due to the loss of men in the great war many more women are now employed in manual labor than formerly and they are aptitude and ability which are astounding," Mrs. Britton's report said. "Some industrial countries have tried to make a decree of 3 hours limitation, but in consideration of the work necessary in the field culture it has been abandoned."

In passing through war-torn European countries, I observed women working on the railroads weeding out the tracks, women cutting hay with large scythes and others with pitchforks helping to load hay onto wagons, others being some of the great reapers, others planting wheat some were engaged in building houses, carrying mortar and mudding bricks, some conducted on the street cars.

"Among the laws, which she said apparently had proved effective, and protection of working women and which might profitably be employed in this country, were those particularly of France, which forbids any employment with one who is a bachelor, widower or divorced, to lodge, as apprentices, minor young girls, which concern the rest of the women before after an attachment, which concern the employment of women working at home in the manufacture of cloth, which concern the rights of married women regarding employment and the economy arising from the same, which concern the obligatory mark for women and children on legal holidays, which forbid women working in underground mines or pits, and which concern especially hygiene and security for women and children labor."

OYSTER CULL LINES WILL BE CHANGED NOV. 1

NEWPORT NEWS, Va., Oct. 2.—Oyster cull lines will remain the same as at present until November 1, and then will be changed. The change will be made on the basis of a report made by the Virginia Commission of game and fisheries.

Several officials of the commission were present, among them Commissioner W. McDonald Lee, Secretary Mack D. Hart and Quentin G. Nottingham, Shell Commission. Colonel Horace L. Smith, of Petersburg also was present. A delegation of oyster dealers from Norfolk who offered testimony at the hearing on the fixing of lines which comprised of J. P. M. Joyce, state supervisor, Captain Al. Von Nivernham for the firm of W. J. Crosby; Mr. Ayers, of Warrington, Carroll and Ayers, Portsmouth; Mr. Hopkins, of the Chase Fish Company; J. H. Miles, of the J. H. Miles Fish Company; Mr. Atwood, of the Eastern Fish Company; and Miss Elsie Bowen. At the hearing on the lines, Captain Nottingham representing the packers stated that they favor the seed line placed back at the location a year ago on the grounds that this line would be beneficial to the tongs and packers. The seed oysters would thus be left to become mature.

O. A. Bloxom, for the tongs, stated that his people are of the same opinion that more oysters could be matured for market purposes if the line was left in its present location. They felt, however, that the fish commission had made the proper examination of the territory involved and whatever the commission did would be supported by them. There was no other testimony. After the meeting Commissioner Lee left for Yorktown where he will supervise the establishment of a game sanctuary under state regulation.

PERFUMED POLICE AGAIN HAPPY

PORT-AU-PRINCE, Haiti, Oct. 2.—A threatened strike of the capital police force has been averted through the intervention of the American High Commissioner, Brig. Gen. John H. Russell.

A rumor that their pay was to be reduced on dollar per month brought Haiti's finest, so their letter to Commissioner Russell ran, to the dire alternative of being deprived of their "perfume, hairdresser and bath" or going out on strike. The present pay, the letter complained, was so insufficient that it was necessary "we should have women who give us food." The letter ended with the appeal: "We hope, general, that like a good father you will take pity on your devoted children; we hope for justice for our plant in the presence of the whole world."

An investigation was promptly ordered through General Douglas C. McDougal, chief of the gendarmerie, under whom the police function. This showed that the rumored reduction had originated in the mind of a police man who had been fined one dollar for a dirty rifle. As to the complaint about food, it was found that since the police had been placed on a rationed diet, the average gain in weight for the 250 members of the force had been nine pounds in the first month.

Reassured by the high commissioner, the police are again happy and are supplementing their favorite brands of perfume, and Haiti's capital slumbers peacefully at night.

ALL MOVEMENT OF TROOPS TO STOP

(By the Associated Press.)
CONSTANTINOPLE, Oct. 3.—An immediate mutual agreement to suspend all movements of troops is expected to be the first outcome of the Mudania armistice conference which meets tomorrow. The allied police at the conference will be decided upon at a meeting at Constantinople this afternoon of allied generals, admirals, high commissioners and military attaches in extraordinary council.

There are 115,000 miles of paved or surfaced highways in the United States.

LOOTING HAREMS FOR STYLES

(By MARIAN HALE)

Like good Mohammedans, we are all looking toward the East for sartorial as well as political developments.

The political situation may fill us with apprehension, but the styles give us joy. The Turkish influence is one of the most popular ones that has reached us, via Paris, for many a day.

Harem beauties learned long ago how to frame the face becomingly and to have their hair influenced by changing styles. They have become such artists with the veil that though custom no longer requires them to wear it on all occasions they still cling to it from sheer conceit.

They still wear it draped about the face and their chin veil has been stolen by Parisian designers to be one of the season's most popular styles.

For black lace it gives a grace and beauty to the simplest hat and is more

PARIS NOVELTIES. (LEFT) TURKISH CHAPEAU. (RIGHT) CHIN VEIL. (BELOW) NOVELTY COMB

effective than any chin-strap known in keeping the double chin out of evidence.

A hat with a decidedly Moslem ancestry is shown beside the veil. Its very oddity makes it charming, framing the face as it does with an entirely new line. Gorgeous Turkish embroidery is the only trimming.

The spider and fly comb is Spanish rather than Turkish, but it belongs with the season's novelties in head-dress.

A very black and well-nourished looking spider, mounted on a yellow tortoise shell comb, makes his invitation much more inviting because of its advantageous position in the locks of a lovely woman.

Paris has decreed that the unconventional shall lead. Now is the time for every original citizen to come to the aid of his country and produce novelties in dress.

Head Of College Badly Treated By Turk Troops

BOSTON, Oct. 2.—Details of the escape from death of Alexander MacLachlan, president of the International College at Smyrna, at the hands of Turkish soldiers during the sacking of the city reached the American board of commissioners for foreign missions today in a letter written by Rev. Chas. L. Wrigles of Boston.

Dr. MacLachlan, who was badly beaten by the Turks, was watching them from the college grounds in the suburb of Paradise and expresses a desire to stop them, the letter said.

The navy officer in charge of a marine detachment, Mr. Crocker, the letter continued, advised him not to go, but he was positive of his influence with the Turks, with whom he had always been friendly and went. Crocker went with him as did four or five Marines. The group was fired upon by the Turks from inside the house whereupon Crocker ordered his men to retreat.

He himself stayed with Dr. MacLachlan and they were both made prisoners by the Turks and roughly used, beaten with clubs and stripped of their clothing and shoes.

MacLachlan kept on retreating with them and they stood him up against a wall to shoot him. Case Reed, dean of the college, who had been watching the whole thing from the tower, had rushed to the gate and found a passing patrol of Turkish cavalry, whose officer he begged to go to the doctor's rescue.

Provisionally he was off the right sort and went and dispersed the "Chetaks." Dr. MacLachlan was carried, badly injured into the college.

SUPREME COURT RECONVENES IN WASHINGTON, D. C.

WASHINGTON, Oct. 2.—The Supreme Court reconvened today after the summer recess for the October term and after inducing into office former Senator George E. Sutherland, of Utah, to fill the vacancy caused by the resignation of Associate Justice John H. Clarke, of Ohio, and admitting to practice 25 attorneys, adjourning to call at the White House for the usual visit of respect to the President.

Justice Sutherland, in his robes seated behind the screen at the rear of the bench while the chief justice explained that a vacancy had occurred during the recess and that the judicial oath would be administered to the new justice. Stepping to the platform beside the chief justice, Justice Sutherland impressively repeated the obligation, enunciating the clauses after the chief justice distinctly and with emphasis.

The chief justice then formally welcomed the newcomer to the bench, and he was conducted to his seat at the end of the left of the chief justice, where he was again welcomed by this time by Justice McReynolds, who occupies the next seat. Justice Pitney was the only absentee being confined to a sanitarium near his home in Morristown, N. J. His colleagues upon the bench are apparently in good health and in good spirits, according to reports reaching them.

The court tomorrow will enter upon its task of hearing motions and arguments.

GRAVE ROBBERY AND ARSON IS CHARGE MADE

ST. LOUIS, Mo., Oct. 2.—Warrants charging grave robbery and arson were drawn today against Mrs. Harry Brenn, wife of a garage owner who disappeared following the theft of Miss Christine Schneider's body from a graveyard and the destruction of his garage, in the debris of which Miss Schneider's body was found.

The warrants were drawn, it was said, on information furnished by Corporal Brady that Mrs. Brenn has guilty knowledge of the crimes alleged against her husband, who carried \$5,000 life insurance.

Mrs. Brenn and her 11 months old boy baby were locked in the St. Louis county jail last Wednesday. She declares she is ignorant of her husband's whereabouts on Saturday said her husband would have to prove his innocence to her if he came back. Corwary to report at that time she was not released.

Mrs. Brenn is a German war bride and local residents of German descent promised to furnish \$5,000 bond, it was said.

GOVERNMENT JOBS OPEN

U. S. Civil Service Commission announces it will conduct an examination soon to fill a vacancy as junior radio engineer. Successful candidate will be assigned to service at Camp Alfred Vail, N. J.

58 ARMY POSTS ARE ABANDONED BY BAR DEPT

(By the Associated Press.)
WASHINGTON, Oct. 2.—Fifty-eight Army cantonments, flying fields and depots have been eliminated from the lists of military posts administered by the War Department.

Troops have been moved from them to permanent stations and the properties soon will be either sold at public auctions or turned over under revocable licenses to states which have applied for them for use of the National Guard.

Closing of the various stations the War Department announced today was decided upon as a necessary step in the reorganization of the Army and the reduction of its enlisted strength to 125,000 enlisted men. It also was explained that in many instances, the buildings and temporary quarters which were occupied by troops during the war have deteriorated to a point where their maintenance is now prohibitive from a standpoint of economy.

Cantonments to be leased to states for use of the National Guard include Camp Pike, Ark.; Camp Lee, Va.; Camp Jackson, S. C.; Camp Grant, Ill.; Camp Dodge, Iowa, and Camp Funston, Kan. Camps Keosauqua, Calif., and Sherman, Ohio already have been turned over to the Veterans' Bureau.

The program of the Department also calls for the abandonment of Fort Duane and Fort Soto, Fla.; Camp Shannon, N. M.; and Camp Hidalgo, Tex. Fort Apache, Ariz. will be transferred to the Interior Department.

Quartermaster depots to be abandoned include Atlanta, Ga.; Seattle, Wash. (except one covered pier); Omaha, Neb.; New Orleans (except for reserve supplies); Port Newark, N. J.; Norfolk, Va. (7,200 railroad cars sold to Poland to be removed in 12 months); Boston, Mass.; Pittsburgh, Pa. and the Hawthorne race track, Illinois.

Ordance plants to be sold are the Erie Pa. Howitzer Plant, the Rochester, N. Y. plant and the Chillicothe Storage Depot, while the following reserve ammunition depots will be abandoned and 48,000 tons of material salvaged: Morgan, N. J.; Seven Pipes, Va.; Antioch, N. J.; Dayton, Pa.; Toledo, O.; Woodberry, N. J.; Penniman Va.; Sparta, Wis. (to be used by agricultural department in preparation of explosives for high-way works for probably six months); Middletown, Pa. (transferred to Air Service).

Air Service plants at Chapman Field, Miami, Fla.; Love Field, Dallas, Tex.; American Depot, Ga.; Long Island Depot, N. Y.; Richmond Depot, Va.; and the Curtis Elmwood plant, N. Y. will be sold. The following air fields will be retained with care taking detachments only: Parkfield, Tenn.; Earlston Field, Fla.; Doris Field, Fla.; Southern Field, Ga.; Ross Field, Calif.; Ellington Field, Tex.; and Montgomery Depot, Ala.

Of the great war time cantonments those to be retained under caretakers are: Camp area training camp with only non-perishable supplies on hand are McClellan, Ala.; Devens, Mass.; Dix, N. J.; Meade, Md.; Lewis, Wash.; Knox, Ky. and Custer, Mich.

It is not contemplated to expend funds on the buildings (at the above named cantonments) retained but to make use of them as long as possible in order to save tenants' the department's statement said.

Machines are now in use which make cigarettes at the rate of 50,000 an hour.

Glad He Picked This Stomach Remedy

Puts Stomach in Fine Condition—Dizzy Spells, Nervousness, Headaches and Makes You Sleep Well

Indigestion eating causes indigestion, gas, a thin, nervous and aching stomach causes the dreadful feeling of near suffocation.

Isn't it with something to know of a remedy that will stop this distress in a few minutes—quicker than any thing else you can think of.

This is no common stomach remedy for it took years of time to combine Pepsin with the other effective agents that make Pepsin's Stomach-Peppin so good that the worst cases of indigestion and gastritis and other chronic stomach ailments are speedily overcome and the most badly deranged stomachs are made clean, strong and healthy.

Mr. Calhoun, Duke of Alloway, N. J., a man of few words, knows this for he writes "I entirely rid myself of an old catarrhal condition of the stomach with Pepsin's Stomach-Peppin."

No matter what your stomach troubles are get a large bottle for \$1.00 today at all druggists anywhere with the guarantee understanding that if it doesn't cure you the world of good your money will be returned—adv.

WAGE QUESTION UP AT MEETING

CLEVELAND, O., Oct. 2.—(By The Associated Press.) The general miners' committee of the United Mine Workers of America and representatives of bituminous operators from many parts of the United States met here today to formulate a plan for after organizing, adjourning until tomorrow. Miners and operators said the conference is one of the most representative ever held to deal with the problem of soft coal mining. At the joint conference this afternoon, T. P. Maher, of Cleveland, was elected temporary chairman and William Green, secretary of the United Mine Workers temporary secretary.

The conference was characterized by Phil H. Panna, of Terre Haute, Ind., secretary of the Indiana Coal Operators' Association as "an attempt to reunite collective bargaining."

John L. Lewis, president of the United Mine Workers, declared in a statement that the miners "were standing pat" on the agreement reached in Cleveland last August when the soft miners' quarters this was interpreted as a point of a committee composed of operators and miners to investigate the industry. What stand the operators would take on his proposal was no discussed at the caucus, Mr. Panna said. The operators met immediately following adjournment of the conference.

Operators at their caucus were almost unanimous in expressing the need of some definite organization which would be empowered to deal with miners and which would be representative of all parties controlling the mines. However, no action looking to the formation of such an organization was taken.

Following this afternoon's meeting, Mr. Panna announced that no definite action had been reached.

EMBARGO LIFTING HURTS AUSTRALIA

SYDNEY, N. S. W., Oct. 2.—A great deal of apprehension exists in Australia regarding the lifting of the embargo upon German goods which took place August 1. Three days before the date the steamer Mianyo, which had loaded at Hamburg and was the first vessel to come here from Germany since 1914, landed a portion of her cargo at Melbourne.

A storm of public protest and threats of all sorts of action by the customs authorities ceased when it was discovered that the official origin of most of the cargo was Czechoslovakia, which made them immune from prohibition. Some German goods in the cargo were landed here on the day the embargo was lifted. They comprised pianos and toys, marked at prices considerably lower than those current here. Eleven other vessels were listed to load at Hamburg for Australian ports during August.

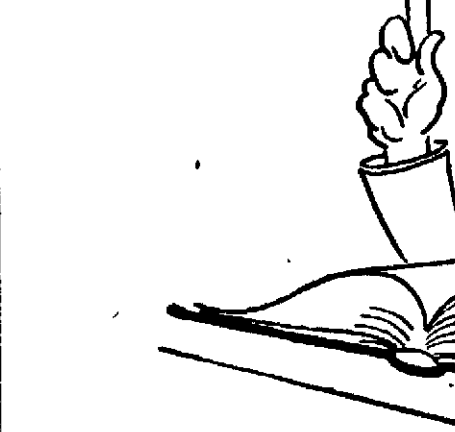

The federal conference of returned soldiers here adopted a resolution urging the federal government to pass legislation which would prevent the dumping of German goods and protect Australian and British manufacturers. Another resolution provided for a nation-wide campaign to pledge Australians to purchase Australian-produced goods exclusively.

RECORD IS BROKEN
HELSINKI, Finland, Oct. 2.—(By The Associated Press.)—Hannes Kolehmainen, the Finnish runner, winner of the 100-meter race today for 39 kilometers, doing the distance in one hour, 47 minutes and 15.3 seconds. The previous record was held by A. Stenroos, also of Finland, who finished in one hour, 48 minutes and 6.2 seconds in 1915.

FARMERS SEARCH FOR TWO LIONS

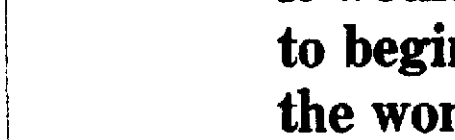

MOUNT VICTORY, O., Oct. 2.—Dozens of farmers are scouring this entire section of the country with renewed energy tonight for two lions reported to have been seen several times near Mount Victory. An all day search proved futile and farmers are under the impression that the jungle beasts are confining their activity to night time.

The animals were first seen about a week ago by William Wilkerson. Since then they have been reported as having been seen by several other persons. Interest reached a high

the number of words it would take to begin to describe the wonderful flavor and peppy relish and delightful freshness that makes Adams Pepsin Gum so justly famous!

ADAMS PEPSIN GUM

IS MONEY EVER "SPENT" FOR ADVERTISING

A Young and energetic executive took hold of a fine old retail business in New York.

"What this business needs," he told himself "is a place in the mind of the public."

And deliberately he set out to sacrifice the greater volume of his profits and invest the sacrifice into building of goodwill.

He did. And to this old business, advertising was the breath of life.

For six months had not passed before the business had grown so that advertising cost was a smaller percentage than ever it had been, and, because of a larger volume, the shop effected economies and gave far superior service.

That was five years ago. Today a certain percentage is spent or supposed to be spent for advertising. But as fast as the appropriation is spent, the more the business increases; and the more that the business increases the smaller the percentage becomes.

Is money ever "spent" for advertising?

NEWSPAPERARCHIVE

'Spex' Smith Led Piedmont Batsmen

Official batting averages of the Piedmont league for the entire season of 1922 were issued by President W. G. Bramham and released for Monday morning, Hesperia. The figures show that "Spex" Smith, outfielder for High Point, led the entire league in batting, with an average .366, with Floyd second, Gooch third and Shanon of Danville fourth. Shanon's average was .344, and he is the leader of the Danville players, while Worth, who only played in a few games is credited with .333. McMillan, who made 113 hits, is the real leader of the Fobacconists in batting, while Flexler, who played all season, is credited with an average of .304 and a total of 137 hits. Holmes hit for an average of .296 in the whole season, thus narrowly missing the exclusive .300 society. Baker and Regan of Danville are close together with .284 and .279 respectively.

Tombly led Danville pitchers with a winning average of .511 even with a trailing team, while Nelson Green, who behind him with a winning average of .577.

The High Point club led in team batting with .289, while Greensboro was second with .278. Danville ranked fifth in team batting with .263. Winston-Salem is last in team batting with .261.

In team fielding Raleigh led, with Winston, High Point and Greensboro followed by Danville, while the champion Durhamites rank last with .352.

The batting average above .250 and the on average record of the leading pitchers follow:

Player	R.	H.	A.
Smith, J. T. High Point	73	155	.366
Floyd, Raleigh	84	160	.353
Flexler, Winston	37	80	.352
Gooch, Durham	74	163	.350
Shanon, Danville	15	53	.344
Smith, S. T. Greensboro	24	60	.341
Duncan, Raleigh	68	153	.333
Worth, Danville	68	153	.333
Wacha, High Point	68	154	.321
Irby, High Point	84	142	.320
Brubaker, Winston	27	122	.320
McMillan, Danville	113	323	.313
Whitman, Winston	69	143	.327
Roberts, Winston	17	32	.324
Palmer, Dan. - Hal.	29	42	.316
Thrasher, High Point	32	148	.311
Cox, Greensboro	62	121	.310
Huttenstine, High Point	4	8	.308
Stewart, Winston	4	8	.308
Klein, Greensboro	10	19	.306
Shay, Greensboro	62	137	.304
Freder, Danville	62	137	.304
Benson, Durham	38	93	.302
Carew, Durham	39	42	.300
Halmes, Danville	62	127	.298
Schmidt, High Point	38	101	.297
Pierre, Greensboro	38	73	.294
Curry, Winston	28	61	.294
Danielli, Durham	70	134	.293
Maitland, Greensboro	8	12	.293
Dayton, Durham	58	121	.291
Teague, Greensboro	59	130	.288
Rodgers, Dan. - Dur.	22	47	.287
Johnston, Durham	29	48	.287
Frankie, Greensboro	62	125	.286

GIANTS AND THEIR OPPONENTS ARE ABOUT ON A PAR

(By the Associated Press.)

NEW YORK, Oct. 2.—In offensive strength there is little to choose between the contenders in the 1922 World's Series, as they appear grouped upon paper, and only with the aid of the fates that decide that the eight clubs hit when a hit is most needed or that another shall fall when failure is most costly can a preference be made.

Of course it is by the arrangement and distribution of the batting strength that a manager obtains the most possible out of his team, and the actual attacking value of a ball club must be gauged by what the line-up notices in evaluating the teams, moreover, consideration must be given to their offensive abilities in relation to their defensive character.

An instance of this is an infield that may lead all the other infields of the league in batting, yet be so poor in fielding that its rating would place it third or fourth among all the eight clubs. The minimum of offensive power of an infield, which includes the three basemen, shortstop, catcher and best hitting pitcher, is their average batting strength. On the latter fact the New York Yankees lead the Giants by one point, having a total of .319 to the National League's .318. Considering the St. Louis Cardinals, which had a fighting chance to win out in the American League, they are close to the season, the Giants are still one point under the club that will represent the younger league. The Browns, too, hit .319.

In outfield strength the Giants are superior to either of the American League Clubs, a mid-season average of .355 being tallied by Musel, Young, Cunningham and Stengel of the Giants to .324 of Cobb, Jacobson and Williams of the Browns. The Yankees are third, Witt, Ruth and Meusel hitting .316.

ANNUAL TENNIS TOURNAMENT BEGINS

HOTSPRING, Va., Oct. 2.—The annual fall tennis tournament started here today before a notable gathering. Play in the men's singles opened the event. Results of the morning play as follows: Cedric, of New York, defeated Thayer Thorndike, Boston, 6-4, 6-2; Howard Homans, New York, defeated Clayton G. Dixon, Philadelphia, 6-1, 6-3; F. J. Hall, New York, 6-1, 6-1; Alexander Lier, New York, defeated Amund Deutsch, Chicago, 6-2, 6-3; Francis A. Carey, Baltimore, defeated W. W. Watson, New York, 6-2, 6-3; Franklin P. Ferguson, New York, defeated J. Harlan O'Connell, New York, 6-2, 6-4; J. M. Canville, Carlisle, Washington, defeated H. Rowland Knowlton, New York, 6-1, 6-3; Philip Van Devanter, Plainfield, N. J., defeated Hugh Keogh, New Rochelle, N. Y., 6-0, 6-1.

Afternoon play, Cedric A. Major, defeated H. Knowlton, 6-1, 6-3; Alexander Lier, defeated F. J. Hall, 6-3, 6-1; B. H. Harned defeated Culver McWilliams, 6-2, 6-4; F. P. Ferguson defeated F. J. Carey, 6-1, 7-5; and M. M. Menneth defeated Alfred Houston, 6-0, 6-1.

ANNOUNCES CHIEFS FOR WORLD SERIES

NEW YORK, Oct. 2.—W. J. Klam and W. McCormick, for the National League, and C. E. Owens and George Hildebrand for the American League, were announced today as the umpires for the world's series by Commissioner K. M. Landis.

BLACK FALSE TEETH FIND A MARKET IN SIAM

LONDON, Oct. 2.—An interesting feature of the International Dental Exhibition, now being held in London, is the sets of artificial teeth made of a composition as black as ebony. They are intended for Siamese women, of whom it is the custom to stain the teeth with betel nut to denote their married state.

HOW YOUR CLOTHES ADD SPICE TO YOUR BEAUTY

Clothes do not make the woman, but the right clothes do make for peace of mind and freedom from self-consciousness, I believe, in gaining poise and charm.

And the wrong clothes are as liable about your personality as misstatements.

The object of clothes, as I see it, is not to draw attention to themselves, but to bring out individually and character of her who wears them.

When a gown causes others to say, "What a stunning creation!" I think it has failed in its mission. When it brings forth an enthusiastic, "Isn't that girl a real beauty?" I think it has succeeded.

When a gown is so ornate and conspicuous it overpowers the wearer, it becomes her rival instead of her ally.

In clothes, as in everything else, I believe in bringing out your best points and creating your own type, regardless of Paris.

One is well dressed only when one can entirely forget clothes and radiate personality instead.

Since I was 16 years old I have been selecting my own clothes. At first I was always successful but my mother encouraged me to exercise my own taste and to learn by experience what I liked and what I wanted to avoid.

I believe this is an excellent plan, for I now have a well-defined idea for myself, and which I adhere to in spite of fashion changes.

Because I like to be perfectly unconscious of my clothes afterward, I take good care in selecting them. I buy good materials because they wear best and look well for a longer time.

Good lines, and avoid ornamentation that is likely to require a great deal of repair later, or frills that cannot be laundered and lose their freshness.

Simple, straight lines appeal to me because they are girlish. For street wear I like dark colors, gaining variety in color in my hats, collars or accessories.

My blue amounts to a positive weakness with me, but I've learned by experience that my regard for it is genuine.

I think small hats are smartest, but large ones most flattering, so I try to represent both in my wardrobe.

Short skirts are much more youthful than long ones, so I prophesy the extremely long ones will not last long. Nine inches from the floor seems to be the ideal length.

My sartorial creed isn't particularly distinctive and it really suits me to this: To think one self be true, in clothes as in everything else.

United To Support The Constitution

NEW YORK, Oct. 2.—Various national agencies that have been combating radicalism and working for the preservation of the principles of the Federal Constitution, it was announced yesterday, have united under the banner of "The Sentinels of the Republic."

Incorporated in Massachusetts the organization has set out to enlist 1,000,000 patriots to pledge themselves to guard the Constitution and to stop the growth of socialism.

Under the rules of the organization each patriot must pledge himself to maintain the fundamental principles of the American Constitution, to oppose further Federal encroachment upon the reserved rights of the States, to stop the growth of socialism; to prevent concentration of power in Washington through the multiplication of administrative bureaus under a perverted interpretation of the general welfare clause, and to help preserve a free republic in form of government in the United States.

The sentinels aim to crystallize the thought of the right thinking people. Every State, city, village, town and hamlet in the United States will soon have its group of "sentinels," it was said.

The organization results from a conference of men and women who have been interested in the many organizations that have tried to spread the study of the Constitution. Among these organizations are the National Association for Constitutional Government, the Public Interest League, the League for Preservation of American Independence, the Constitutional Liberty League and the Anti-Centralization Club. The organization recognizes "no sect, no party, no sex."

"Enrollment carries the assurance," said the announcement, "that each sentinel will keep an eye on every suspicious legislative proposal and guard against propaganda calculated to poison the springs of American democracy. Through their activities should come increased respect for the fundamental law—the Federal Constitution—the foundation and basis of the American Government. There is no initiation fee; there are no annual dues, no secret oaths or pledges. The sentinels stand for orderly government."

Among those interested in the work according to Louis A. Coolidge, head of the organization, are: Nicholas Murray Butler, James M. Beck, David Jayne Hill, Governor Nathan Miller of New York, Governor Baxter of Maine, Governor Holcombe of Connecticut, Governor Clement of Vermont, Senator Augustus and Senator Martin W. Littleton, Frank O. Lowen, Julian Street and William E. Borah.

"The time is ripe for rousing the American people to a sense of the danger that is threatening the very purpose of the organization," and to a realization of the fact that they are rapidly exchanging their birthright for a bag of radical and socialist legislation."

PAGEANT WILL DEPICT LANDING

ST. AUGUSTINE, Fla., Oct. 2.—Time will turn backward several centuries next April 4 when Juan Ponce Knight of Leon, at the head of a small band of Spanish chivaliers and sailing in three caravels, will land on the beach at St. Augustine and be greeted by thousands of Indians headed by the great chief Inchochone.

This will mark the beginning of a three-day historical pageant, preparations for which already have been started by an executive committee. This pageant in the United States' oldest city will be one of the most spectacular ever staged in America, sponsors claim.

April 4 will be Ponce de Leon day and will be featured by the landing of the Spanish knight and his search for the fountain of youth and later, a sham battle will take place between his men and the Indians. Old Fort Marion and other landmarks about St. Augustine will form a background for the pageant.

The founding of St. Augustine, September 8, 1565 by Don Pedro Menéndez de Aviles will be observed on April 5 which will be Menéndez day. St. Augustine will be under four flags—Spanish, French, British and American—on April 6. The transfers of flags will be observed by elaborate ceremonies.

Costumes of French, Spanish and British soldiers of the sixteenth century have been ordered and Florida state troops will take part. Other events to be pictured will be as correct historically as possible.

Japanese artists take long wood carvings, weave them together into a "ma" and then paint pictures upon them.

Question Mills Girl Again; No New Development

NEW BRUNSWICK, N. J., Oct. 3.—Charlotte Mills, 16-year-old daughter of Mrs. Eleanor R. Mills, choir leader whose body was found beside that of the Reverend Edward W. Hall, in a field on September 16, was again brought into the investigation of the double murder today.

The girl's first active participation in the case occurred last week when she applied to Governor Edwards for aid, with the result that the governor requested detectives of the state police to cooperate with the local authorities. Today Miss Mills was taken by a detective from her class in high school to the office of Prosecutor Beckman, where she remained two hours.

Commenting upon her visit to the prosecutor, she said:

"They wanted to know what reason I had to go to Governor Edwards and ask him to help me get justice. I told them that I had every right and I believed they were not doing anything to find the person or persons who killed my mother. I told them this was reason enough."

"From the questions they asked I am convinced they are not getting anywhere. I am heartily sick and tired of answering a lot of questions, when they might better employ their time in finding the murderer. If no one else is interested, at least I am."

The girl also said that up to date no member of the church congregation had called on her to express sympathy with her in the loss of her mother.

While Miss Mills was voicing these criticisms, the work of investigation was progressing here as well as in New York and Philadelphia.

Charles Collins, a county detective today went to Philadelphia where he said he learned from a Philadelphia detective that Mrs. Hall on September 26 took some garments to be cleaned by a firm in that city. Records of the cleaning establishment, he said, did not show the exact nature of the work done on the clothing.

In New York, representatives of the New Brunswick authorities received the cooperation of the District Attorney's office in applying for a supreme court order permitting the removal of the Rev. Mr. Hall's body to New Brunswick for a thorough autopsy. It is expected that the

court order will be obtained tomorrow.

In addition to examining Miss Mills, Prosecutor Beckman today questioned Louise Glat, a maid in the Hall home. Sydney Carpenter, a first cousin of Mrs. Hall, appeared at the court house today but was told he had been called by mistake. At the same time it was said that a drawer containing letters had disappeared from a bureau in the Hall home and that the prosecutor was trying to find out what had become of it.

Near Race Riot In Montgomery

MONTGOMERY, Ala., Oct. 2.—Edward Pearl, negro, was shot in the back and instantly killed; Herbert Miller, white was shot in the hip, and a score of negroes were dragged out of street cars and clubbed during a near race riot here tonight. The outburst of protest among the white citizens followed their capture of Joe Terrell, negro, charged with murder of George Wilson, game warden, Saturday night.

Three companies of national guardsmen were placed on guard duty around the county jail here when the mob gathered upon hearing rumors that the negro wanted for shooting two county officers Saturday night, had not been removed for safekeeping.

As the crowd grew the fire department was brought into action, throwing a stream of water into the crowd in an effort to disperse the mob. A shot was fired from the crowd then the water was thrown into it, and officers then fired a shot over the heads of the mob.

Mr. Wilson died at a local infirmary this morning, the announcement of his death being closely followed by the gathering of a mob of 100 or more citizens at the county jail. The mob grew in numbers during the afternoon until it reached such proportions that three companies of national guard were ordered out to stand guard to guard the jail where it was feared an attack would be made by the mob in determination to lynch Terrell who was brought here from Union Springs during the afternoon. Terrell was captured by a farmer 14 miles from Union Springs.

The mob at the jail reached a thousand or more. Gathering in knots of hundreds or more in various corners of the business section the mob stopped several negroes the police reporting that about a dozen

were hit on the head but not seriously injured.

The Federal Bureau of Investigation at 8:30 o'clock and New Brunswick at 8:30 o'clock.

BOGUS PAPER IS PEDDLED; MAN IS HELD BY POLICE

BOSTON, Oct. 2.—Security with a face value of \$50,000 which the police found today New Orleans has left at the Back Bay Railroad Station by Alfred W. Bartlett, who is being held for the murder of F. E. Small, a Dorchester druggist, here last Friday. The bag also contained letters of recommendation and introduction from bank officials in several cities and check books of more than a score of banks scattered throughout the country.

There the letters, the genuineness of which also questioned by inspectors, were introduced the bearer under a half dozen names. One letter, alleged to have been written by the First National Bank of Albany, said the bearer, William H. Hall, had \$10,000 on deposit in that institution and asserted that the bank would honor any draft drawn on him. Other letters, purporting to have originated in the Farmers National Bank of New York, introduced the bearer under the names of A. M. Grant, A. D. Brown, R. E. Wood and William H. Hall.

Other banks named on letters or checks that varied in amounts from \$37.70 to \$7,000 and scattered throughout the country, include the First National Bank of Newbern, N. C.

PROHIBITION TO BE ELIMINATED

NEW ORLEANS, Oct. 2.—Prohibition will not be an issue before the American Legion National convention in New Orleans this month, the Rev. W. A. Turner, of Shreveport, superintendent of the Louisiana Anti-Saloon League stated today.

"The belief in the enforcement of the wet or dry policy might cause a split in the legion and is not for the best interests of the organization," he said. "We believe that making light wine and beer an issue at the convention, would cause that split. Therefore, we are not going to ask the legion for endorsement."

VIRGINIA TOBACCO

The early settlers harvested heads and printed for corn and Virginia tobacco.

No man can want for more than Virginia tobacco gives—a natural purity and sweetness of taste at once pleasing and different.

For cigarettes Virginia tobacco is the best.

RESOURCES OVER EIGHT MILLION DOLLARS

Electric Railways Are Expanding

CHICAGO, Oct. 3.—Electric railways, with net receipts increasing and investors again buying their securities, will spend \$200,000,000 for equipment and supplies this year, Robert I. Todd, president of the American Electric Railway Association, today declared in opening the organization's annual convention here. This is twice the average annual expenditure for the last twenty years, he said.

Reports from 72 companies, representing one-third of the total electric railway revenue of the country indicate that during the current year, 1922, 30 per cent of the operating expenditures of the electric railway industry will be devoted to the purchase of

materials and supplies, Mr. Todd added.

Mr. Todd continued: "Reports from 81 companies, representing about three-eighths of the industry's mileage, for the first seven months of 1922 show that riding began increasing in May, after gradual increases over last year, and if the present ratio is continued there will be approximately 75,000,000 more riders throughout the industry this year than last."

"Despite the increased number of passenger riders in recent months on these 81 companies gross revenues for the seven-month period are off \$3,326,365 or 2.8 per cent, owing to the smaller number of passengers riding during the earlier months. Several fare decreases brought the average rate of fare of these companies down from 7.46c in 1921 to 7.43c in 1922. Fares generally are remaining stationary."

"Increased efficiency of operation is reflected clearly in operating expenses which have been cut down \$10,441,016 or 7.2 per cent, and car miles 3,379,729 or 0.5 per cent. As a result of these decreased expenses, the operating ratio has dropped 3.6 points, from 75.6 to 72.0 per cent and net revenues have increased \$5,526,365, or 11.8 per cent. The use of one-man cars, automatic sub-stations and other labor-saving devices and the abandonment of unprofitable and unused trackage are responsible for these figures. Material and labor costs also have been reduced somewhat during the year, materials now being about 50 per cent higher than they were prior to the war and labor slightly over 100 per cent.

"Bus and trolley competition still is making inroads on receipts, but it gradually is being put under proper restraint. It is that the industry is asking, but buses be made to pay their fair share of transportation burdens in the way of taxes and otherwise controlled as are electric railways.

"The industry's public relations are better than they ever have been, and in history and this is directly traceable to frank dealings with the car rider.

"Tremendous financial problems, however, still are securities in the next few years to put our properties back on a pre-war basis of efficiency."

their fair share of transportation burdens in the way of taxes and otherwise controlled as are electric railways.

"The industry's public relations are better than they ever have been, and in history and this is directly traceable to frank dealings with the car rider.

"Tremendous financial problems, however, still are securities in the next few years to put our properties back on a pre-war basis of efficiency."

Mrs. Watson Offered Her Husband's Seat

ATLANTA, Ga., Oct. 2.—Mrs. Thomas E. Watson, of Thomas, wife of United States Senator Thomas E. Watson, who died last Wednesday in Washington, today declined appointment as temporary successor to her husband until the general election on November 7, when the nominee of a special Democratic primary of October 17 will be elected.

The Atlanta Constitution tonight published a story to the effect there is a "probability that the governor's appointment of Mrs. W. H. Felton, of Cartersville, as interim successor to the late Senator Watson." There was no confirmation from Governor Hardwick who has announced he will make public his appointment tomorrow.

Mrs. Felton was a close political friend of Senator Watson.

Kemalists Have Evacuated Neutral Zone In East

BRETHREN: Attend a Called Communication of The Morotock Lodge No. 219 A. F. & A. M. to be held tomorrow (Wednesday) night at 7:30 sharp. Work in the F. C. Degree by order of W. M. JACOB SILVERMAN, Sec'y.

Aged Woman's Remarkable Feat

HICKORY, Oct. 2.—Between her 82d and 83d years, Mrs. C. E. Raby, of Hickory, memorized ten chapters in the Bible, she told a large company of friends who gathered for a birthday dinner given for her by her children at the residence of Mrs. A. P. Whitener. Often in the morning before she arises Mrs. Raby repeats the chapters to herself. For a woman 83 years old, this is a remarkable feat, many believe. Until Mrs. Raby went to live with Mr. Whitener a few years ago she was regarded as an authority on gardens, and there was not a month in the year that something was not growing in her little yard. She attributes her splendid health—she moves around without assistance and even now cultivates a garden—to the fact that she has lived for the most part on vegetables.

Seek Bankruptcy of Hill City Concern

LYNCHBURG, Va., Oct. 3.—A petition in involuntary bankruptcy was filed yesterday in the federal district court here against the Piedmont Motor Car company almost simultaneously with the advertisement of the non-

Storm Center In Anglo-Turkish Conflict

Near this struggling Oriental city of Chanaq in the neutral zone of the straits, British and Turkish troops firmly entrenched are facing each other. The Turks now have taken up positions completely surrounding the British. Firing a single shot probably would excite a conflict embroiling two continents.

TRAGEDY FOLLOWED IN WAKE OF SMYRNA OCCUPATION

The lives, homes and hopes of thousands in Smyrna went up with these flames. All through the night frantic screams of the terror-stricken inhabitants, hemmed in by the fire on one side and the water on the other, could be heard on board the allied warships anchored in the bay. But little could be done to stay the fury of the onrushing flames. By the time they were spent, thousands were homeless, many were dead and property damage mounted into the millions.

MAYOR, 77, ELOPES

James G. Woodward, former Atlanta mayor and 60-year-old bride is
eloped with on his 77th birthday.

ATLANTA, Ga., Oct. 3.—In the po-
litical game James G. Woodward lost
his race for a fifth term as Atlanta's
mayor by a scant vote but on his 77th
birthday he won hands down in the
game of love. All the romance of
youthful courtship, including relatives'
opposition and an elopement figured in
the marriage of Woodward and Mrs.
Violet McCraney, 66.

Woodward has long been a big fig-
ure in Atlanta politics. His bride has
been equally prominent socially. But
their children opposed the match.
Elopement followed, and a honey-
moon trip to Florida.

"Four words tell the story," says
Woodward. "I wanted a home."

"I don't want to stay lonesome the
rest of my life, and I expect to live at
least 20 years more."

100 Lame Ducks
Quack For Crumbs
At White House

Number May Reach 150 Af-
ter Casualty List of Nov.
7 Has Been Compiled—
Cabinet Post for New or
Something Just As Good.

WASHINGTON, Oct. 3.—Not in re-
cent years has a Congress numbered
as many lame ducks as will be present
at the closing sessions of the Sixty-
seventh Congress, which convenes
either at the call of the President six
weeks hence, or at furthest in Decem-
ber on the statutory day.

At least 100 statesmen in the two
houses will come back after Nov. 7
disappointed and bitter, sore and re-
vengeful at the interruption of their po-
litical careers. There will be nearly
this many if the elections show only
a swing back to normal political con-
ditions, for scores of naturally Demo-
cratic seats are now filled by Republi-
cans who rode in on the landslide of
1920.

If, as the Democrats expect, the
pendulum swings far the other way
this time there may be 150 political
crumbs taken care of, which
means that the president is going to
have a strenuous time on the Sixty-
seventh Congress.

No politician admits that when the
people turn him down it is his own
fault, to a majority of the army of
the lost will ascribe their defeat to
President Harding—on account of the

veto of the bonus, or the ship subsidy
commitment he has made, or a dozen
other things—and their first instinct
will be to get even by joining the
Democrats in blocking the ship sub-
sidy and any other measures the presi-
dent is particularly anxious to get
through. That is always the temper
of a lame duck in Congress.

On the other hand most of these fol-
lows have to get jobs and that is the
president's argument against a re-
sult of the casualties. The grouching
Congressman knows that if he
does not stand in, there will be no job
for him when the speaker's gavel falls.

Of course, there is nothing like an
adequate number of good jobs to go
around; many are bound to be disap-
pointed again, which fact brings about
a political poker game in which bluf-
fing will play a great part.

The Senate casualty roll must be
taken care of first. Harry New will
get a place in the cabinet or something
nearly as good. McCumber, eliminat-
ed by the North Dakota primaries, is
another senator who must be looked
after. Membership on the Tariff Com-
mission is suggested for him and as an
alternative the vacant assistant sec-
retaryship of the treasury might do.

In addition to New and McCumber
there are likely to be two or three other
senators, friends of the administra-
tion, at liberty. Senators see into have
a deep-seated prejudice about going
home. Most of them have enough
money to live in Washington without
thinking about a government salary,
but they hate to give up the distinc-
tion of office, so there will be a run
on the commissionerships and similar
places if they cannot jimmy into the
cabinet, or, for a second choice, into
ambassadorships.

Republicans Have
It In For Ford

Leaders Plan to Present
Fair Consideration of the
Shoals Project.

WITNESS

BY GEORGE H. MANNING
(Special to The Bee.)
WASHINGTON, D. C., Oct. 3.—The
leaders of the Republican party in
Congress do not intend that the Ford
offer for Muscle Shoals shall be fair-
ly considered, acted upon or accept-
ed when Congress meets in Decem-
ber, as was promised during the
closing weeks of the last session.

On the contrary, the plan of the
Republicans is to fire down Ford's
friends and the public who are insist-
ing upon action, and finally, when
disgusted public attention has wan-
dered from the subject, to deliver
Muscle Shoals and all the great
wealth of resource and develop-
ment which it represents to some one
of the grasping monopolistic inter-
ests who are seeking it.

That is the declaration made by
Congressman George Huddleston of
Birmingham, Ala., Democrat, pub-
lished in the Congressional Record
under leave granted him by the
House to extend his remarks.

The devious methods used by the
Republican leaders in Congress to
delay, evade and finally put to sleep
Henry Ford's offer for Muscle Shoals
present a striking instance, Mr. Hud-
dleston asserts, of the influence
which the invisible powers of monop-
oly, big finance, and big industry ex-
ercise over our government.

Pershing Golfs

It's safe for General John J.
Pershing to take his coat off when
he plays golf for he hasn't any
superior officer to come along and
call him to attention.

usual, invisible government wins."
Mr. Huddleston related how the
Republicans having decided early in
1921 not to complete the Muscle
Shoals plants the Harding Adminis-
tration looked about for some pri-
vate interest to take it over. For
months no offer was obtained until
on July 8, 1921, Henry Ford made
his offer to buy the nitrate plants
and to lease the dams when complet-
ed.

No matter what is said in criti-
cism of Ford's offer, added Mr. Hud-
dleston, it is the best bid that has
been made and if the works were to
be given to the highest bidder it was
only fair that Ford's offer be accept-
ed.

"But Ford is personally offensive
to the Harding administration," ad-
ded Huddleston. "He contested the
election of Newberry, the president's
personal friend, and greatly embar-
rassed the Republican leadership, so
the Republicans do not intend he
shall have Muscle Shoals."

The badger is an animal much
feared by the superstitious Japanese
mind.

Seven million deaths have been
caused in India by fleas which carry
the germs of the plague.
